

CITY FATHERS ATTACK VARIOUS BIG PROBLEMS

Approve the Redistricting Plan Proposed by the Committee and Discuss Salaries Under New Code.

FRANCHISE ASKED FOR NEW TROLLEY LINE

The latest move toward securing the right of way for the Youngstown & Southern railway to enter East Liverpool, was made at the meeting of city council last night when Member McConnell introduced a well prepared ordinance granting to the company such privileges as it desired and in return giving the city the assurance that its interests would be protected.

Representatives of the company were in the city yesterday, and while it was their intention to have an understanding beforehand with the several members of council, it was impossible to do so owing to the fact that the time was too short. Another matter which delayed the enactment of the ordinance was the fact that City Solicitor McGarry was out of the city yesterday, and could not be seen.

RIGHTS OF WAY

SECURED TO CITY

The corporation has secured every foot of the right of way down California Hollow to Sheridan avenue and all that was asked or expected was permission to use the city streets from the corporate limits to the latter point. Several members, however, could not see the wisdom of hasty action, and wanted a little more time to consider, so the ordinance was allowed to take its regular course, and will be up at the adjourned meeting Thursday night of this week. A committee of five, composed of Messrs. McConnell, Marshall, Bullock, Peach and Nice, will confer with the officials of the road.

before that time relative to the insertion of a few more clauses in the ordinance.

The meeting of the council last night was notable for the absence of useless jangle, and as a result a vast amount of business was transacted. Under reports of city officials the mayor's monthly statement showed that, from all sources, he had collected \$134.

FT. PITT GAS COMPANY

IS CALLED DOWN

Mr. Peach introduced a resolution, which, in the opinion of Mr. Bullock, at least was a little strong. The measure provided that the attention of the Fort Pitt Gas company be called to the fact that it was not living up to the franchise granted by the city allowing it to operate in the corporation. The assertion was made that incalculable inconvenience and considerable suffering had resulted from the shortage in the supply of this company, and that it probably had the gas if it saw fit to turn it into the mains. Dr. Marshall presented a petition signed by 100 residents of the East End asking that some action be taken upon the matter. The resolution was adopted, Mr. Bullock alone voting no.

DIED OF SELF-INFLICTED WOUNDS

Louis Deidrick, Formerly of This City, Shot Himself in Allegheny and Is Dead.

Louis V. Deidrick, aged 22, son of Mrs. Joseph L. Deidrick, of this city, died yesterday morning at the Allegheny general hospital from a self-inflicted bullet wound in his left breast, from which he had been suffering since November 22, when he shot himself in an Allegheny hotel. Since being in the hospital he regretted his deed, and frequently expressed a desire to recover, but yesterday morning he grew rapidly worse, and had his first wish to leave the world gratified. Friends and relatives explain his action by saying that he was mentally unsound since his head was injured in an accident last summer.

The dead man had recently been employed by his brother, George H. Deidrick, a shirt manufacturer, of 821 Penn avenue, as a salesman, and, being single, had lived at boarding houses and hotels. He last stopped at the Hotel Wilson, in Lacock street, Allegheny, and in his rooms of that hotel he shot himself in the breast Saturday night, November 22.

The revolver report attracted atten-

tion of the attaches of the hotel to his room, and when the door was forced open, he was found bleeding upon the bed, and in front of the bureau, where he had evidently taken aim by means of the mirror. He was hastily removed to the hospital, and yielded readily to treatment, the physicians having high hope of saving his life.

Relatives were admitted as he improved, but they tacitly refrained from talking with him about his effort to die, and he did not mention the accident except admit that he had tried to end his own life, and regretted that he had made a "bad job of it." Since being told that he would probably get well he had seemed to want to recover, and had paid strict attention to the doctors' and surgeons' orders, but at 9:25 o'clock yesterday morning he succumbed to his wound.

Deputy Coroner John Black learned from G. H. Deidrick that his brother while in Ohio about two months ago had been struck by a runaway wagon. His head had been badly battered, and

CRUELTY AND ABUSE CHARGED BY WIFE

MRS. GEORGE WARD, OF EAST LIVERPOOL, GETS A DIVORCE.

Alleged That Brutal Treatment Began Right After Marriage. Salem Divorce.

Lisbon, December 10.—(Special).—Judge Hole granted a divorce to Lydia Ward, of East Liverpool, from George Ward yesterday afternoon, restoring her maiden name, Lydia Kinkade. The petition says they were married at New Cumberland August 9, 1899. Soon after their marriage, Mrs. Ward alleged, her husband began a course of cruel and inhuman conduct toward her which continued until December 26, 1901, when, after he had cruelly beaten her and had attempted to take her life, she left him and sought refuge with friends. She has not lived with

him since that time. McGarry brothers represented the plaintiff.

Minnie B. Mentzer, of Salem, was also granted a divorce from Alvin Mentzer, on account of wilful absence and disregard of marital duties. With the divorce her maiden name, Minnie Heastand, was restored. They were married in Salem December 25, 1886. Attorney K. L. Cobourn represented the plaintiff.

To Take Depositions.

Lisbon, December 10.—(Special).—Two subscribing witnesses to the will of the late John T. Fawcett, Center township being without the jurisdiction of the court, a commission has been issued for the taking of their depositions.

Guardian Appointed.

Lisbon, December 10.—(Special).—J. F. Wade has been appointed guardian of Brice M. Borton, aged 18, and Hazel A. Barton, aged 14, children of the late Eliza Barton, Middleton township. Bond \$700.

SALOON ROW AIRED IN COURT

Jury Concludes That George Snowden is Not Guilty of Charge Against Him.

SHOOTING WAS INDULGED IN

And the Accused Was Tried For Shooting Intent to Kill—Exciting Story of Occurrence Told By Many Witnesses.

Lisbon, December 10.—(Special).—George Snowden, colored, was put on trial yesterday afternoon for shooting Blair Burchard with intent to kill, in a saloon quarrel in Wellsville last summer. Snowden has been out on bail ever since the occurrence. A large number of witnesses testified in the case.

The shooting occurred on the night of July 3rd, in the tenderloin district of Wellsville. The testimony of most of the witnesses was that the trouble started from Snowden's interference in a fight between Edward Eckler and Charles Wright, in an alley back of "Ginger" David's saloon. Edward finished his man in short order, whereupon it is alleged, Snowden went up to him and said that if his antagonist had been sober he would have thrashed Eckler, and that he would "make him rue it when he became sober." At this Eckler said neither of them could do it and both squared off for another bout. Snowden jumped back, it is alleged, and drew his pistol, a 32 calibre, and shot at Eckler without further warning. The crowd became excited and Burchard cried, "Let's get his gun," and with William Rosenberger, Edward Bunting, Eckler and possibly others, went at Snowden who started to back away.

They followed him to the back door of a Chinese laundry across the alley a few feet further down, where he was forced through the screen into a dark room.

Burchard, who had hold of the negro, was perhaps the only man who followed him in, and they were no sooner inside than Snowden commenced to blaze away in the darkness. One of the bullets passed through the back of Burchard's neck.

By this time Officer Fred Houser, chief of police, having heard of the melee, was on the scene and placed Snowden and Burchard under arrest. The rest of the crowd had scattered. Burchard has recovered and was the principal witness for the state.

Snowden's story differed somewhat from that of the other parties to the affair. He said that the man Wright was badly under the influence of liquor, and after a wordy altercation with a man named Geisse, the latter summoned Eckler to take it up for him. Eckler struck Wright a blow, which felled him, and he lay stunned for a few moments.

Snowden says he went up to Eckler and remonstrated, saying it was a shame to strike a man in Wright's condition that way. Wright was struggling to his feet again when Eckler laid him out with a second blow. Snowden again remonstrated and as

PROJECTED RAILROAD LINE LIKELY TO BE BUILT SOON

It begins to look as if the long projected and much discussed Canton & East Liverpool R. R. across this county were to become a certainty. The transfer to the railroad company of many thousand dollars worth of real estate in this county during the past few months would indicate that the project was going forward, and now comes more evidence to the same effect. A charter has now been secured to build the Pennsylvania end of the line at Smith's Ferry.

A Harrisburg dispatch states that a charter has been issued by the state department to the Canton & East Liverpool Railroad company, to run from a point on the state line between Pennsylvania and Ohio, near the intersection of Beaver creek, to a point on the Cleveland & Pittsburgh railroad at Smith's Ferry, Beaver county, a distance 3,500 feet. The company is capitalized at \$10,000. George H. Stein, of Philadelphia, is president. The directors are J. C. Richardson, H. S. Benedict, R. G. Mussimer, B. F. Williams and W. J. And the Suits Grow Out of the Recent Arrests of the Prosecutors—Constable Neglected to Serve Papers Put in His Hands.

Affidavits were filed in 'Squire' McLane's court this morning by Attorney W. E. Warren for the arrest of John Michaels, the Sixth street saloonist, upon two charges, assault and battery and selling liquor to a minor. The warrants will be issued today and placed in the hands of Constable Gill for execution.

Attorney is acting for Charles and Joseph Veltri, the Italians arrested Saturday night, the first charged with carrying concealed weapons and the latter with being drunk and disorderly. Charles was fined \$14.00 Sunday morning and Joseph \$7.00.

The foreigners appeared before 'Squire' McLane after their first difficulty at the Michaels saloon and filed affidavits for the arrest of both saloonist and his bartender, John Meibach, charging them with assault and battery. The two men were not arrested and this morning when Attorney Warren applied to the justice for an explanation he was informed that the warrants were placed in the hands of Constable Powell and that officer went to the saloon to serve them but did not, owing to the sickness of one of the accused men.

The attorney expressed himself as being much surprised at the action of an officer and stated that he would have the officer answer for his neglect of duty to the courts. He then withdrew the first charge and making out another one added the one of selling to a minor. This, the attorney thinks, can be proven, as the dispute in the saloon is said to have arisen over an argument about some change wanted by Joe Veltri, who, it is said, is but 19 years of age, and who had bought some drinks.

NEW PASSENGER STATION PROMISED FOR THIS CITY

One of the Many Extensive Improvements Which the Officials of the Cleveland and Pittsburgh Have Mapped Out.

PROJECTED CHANGES MANY AND COSTLY

The vast improvements contemplated by the Pennsylvania Railroad company, among which is the double tracking of the Cleveland & Pittsburgh division through this city, are assuming definite shape as the work of laying the rails has at last been started.

Some two years ago it was announced by some of the officials of the railroad company that the C. & P. would be double tracked its entire length and that many extensive improvements would be made, but as similar promises had been made before the reports were given but little credence by the general public at the time.

It was only a short time, however, until the agents of the railroad began the work of securing options on property along the railroad track and in a remarkable short time the deals were being closed, which work has continued up to the present time.

Not only will the railroad be double tracked through this city, but other vast improvements, including the building of a magnificent passenger depot will be made. Several hundred thousand dollars will be expended before these improvements are completed.

The grading from Ralston's crossing to College street is almost completed, and a large force of men was put to work yesterday morning laying the rails. This portion of the track will be used for the present as a switch, which will greatly facilitate the handling of freight and will greatly relieve

the crowded condition of the yards. The grading between Jefferson street and the flint mill is well under way, and will be ready for the track in a very short time. This portion of the road will also be used for a switch until the track through the central portion of the city is built.

The work was inspected yesterday by G. L. Peck, general manager, and A. M. Schayer, general superintendent of Pennsylvania lines west of Pittsburgh. The gentlemen arrived in a special car and spent considerable time in conference with the officials of the company here.

Mr. Peck was seen by a News Review reporter and said: "There is no particular significance attached to our visit here, except that we are on the ground to inspect the plans of the intended improvements which have been prepared by our engineers. We are well pleased with the work already done, and while work of this nature is extremely tedious, yet we hope to rush it to completion as rapidly as possible. DESERTED WIFE'S STARTLING STORY

Writes to the Police That the Husband Who Left Her Has Married Again Here.

Pleading for some information as to the present whereabouts of a husband and father, who is alleged to have deserted his wife and three small children in Baltimore some five years ago, Mrs. Minnie Smith, of that city, in a sorrowful letter to the city officials here, relates a story, if true, that is pitiful in the extreme.

The letter gives the name of the alleged erring husband and father as William Stephen Smith, who, she says, without any cause whatever, deserted her and her three small children, leaving them in almost destitute circumstances.

She relates many hardships to which she has been subjected during all this time in an honest effort to provide for herself and little ones, striving and hoping that at some time this man who had sworn to love and protect her would at least return to his children who loved him so dearly, but her fond hopes have been in vain.

She says that her sad affliction has been doubled and that she is now al-

most heartbroken by a report that reached her recently, that the husband had not only deserted herself and family for good, but that he had taken unto himself a second wife.

The first she had heard of her husband during all these years was the recent filing by him in the courts of Baltimore of an application for a divorce. In this application he also asked for the custody of his three children, but she says she would rather die than allow her children to go to him, as she does not deem him a fit person to care for them. The divorce case, she says, is still pending, as no effort has ever been made on his part to have it heard. Even when the divorce proceedings were instituted, she says, she did not know where he was. Only recently it was discovered that since his second marriage he has been working as a dipper in one of the Custer potteries.

The city officials have sent Mrs. Smith the desired information, and if her story is true the man will probably be arrested.

No Enthusiasm For Local Option.

Toronto, December 10.—(Special).—The committee having in charge the circulation of a petition to council for a vote on the Beal local option law in this town, reports that it has obtained but 116 signatures to the name out of a total ballot of nearly 700. It requires the signatures of 40 per cent. of the voters to make the petition effective, and from the present outlook the effort for obtaining the vote will fail.

LANCLEY SET FREE FROM REFORMATORY

East Liverpool Youth Gains Freedom Through Efforts of Salvation Army.

The Salvation Army, of this city, is responsible for the movement which will cause the release of John H. Langley from a Massachusetts reformatory where he was recently sent from Boston. When it was learned here that young Langley had been imprisoned, the Salvation Army immediately began to work to secure his release. Word was received by Mayor Davidson that he would be released if the money was sent for his transportation home. This was raised in a few hours and last night was expressed to Boston.

It is expected that the young man will reach this city in a few days. The Salvation Army in Boston expects to take the matter up and cause an investigation as to the manner in which he was imprisoned.

most heartbroken by a report that reached her recently, that the husband had not only deserted herself and family for good, but that he had taken unto himself a second wife.

The first she had heard of her husband during all these years was the recent filing by him in the courts of Baltimore of an application for a divorce. In this application he also asked for the custody of his three children, but she says she would rather die than allow her children to go to him, as she does not deem him a fit person to care for them. The divorce case, she says, is still pending, as no effort has ever been made on his part to have it heard. Even when the divorce proceedings were instituted, she says, she did not know where he was. Only recently it was discovered that since his second marriage he has been working as a dipper in one of the Cnester potteries.

The city officials have sent Mrs. Smith the desired information, and if her story is true the man will probably be arrested.

CITY FATHERS ATTACK VARIOUS BIG PROBLEMS

Approve the Redistricting Plan Proposed by the Committee and Discuss Salaries Under New Code.

FRANCHISE ASKED FOR NEW TROLLEY LINE

The latest move toward securing the right of way for the Youngstown & Southern railway to enter East Liverpool, was made at the meeting of city council last night when Member McConnell introduced a well prepared ordinance granting to the company such privileges as it desired and in return giving the city the assurance that its interests would be protected. Representatives of the company were in the city yesterday, and while it was their intention to have an understanding beforehand with the several members of council, it was impossible to do so owing to the fact that the time was too short. Another matter which delayed the enactment of the ordinance was the fact that City Solicitor McGarry was out of the city yesterday, and could not be seen.

RIGHTS OF WAY

The corporation has secured every foot of the right of way down California Hollow to Sheridan avenue and all that was asked or expected was permission to use the city streets from the corporate limits to the latter point. Several members, however, could not see the wisdom of hasty action, and wanted a little more time to consider, so the ordinance was allowed to take its regular course, and will be up at the adjourned meeting Thursday night of this week. A committee of five, composed of Messrs. McConnell, Marshall, Bullock, Peach and Nice, will confer with the officials of the road

before that time relative to the insertion of a few more clauses in the ordinance.

The meeting of the council last night was notable for the absence of useless jangle, and as a result a vast amount of business was transacted. Under reports of city officials the mayor's monthly statement showed that, from all sources, he had collected \$134.

FT. PITT GAS COMPANY IS CALLED DOWN

Mr. Peach introduced a resolution, which, in the opinion of Mr. Bullock, at least was a little strong. The measure provided that the attention of the Fort Pitt Gas company be called to the fact that it was not living up to the franchise granted by the city allowing it to operate in the corporation. The assertion was made that incalculable inconvenience and considerable suffering had resulted from the shortage in the supply of this company, and that it probably had the gas if it saw fit to turn it into the mains. Dr. Marshall presented a petition signed by 100 residents of the East End asking that some action be taken upon the matter. The resolution was adopted, Mr. Bullock alone voting no.

DIED OF SELF-INFLICTED WOUNDS

Louis Deidrick, Formerly of This City, Shot Himself in Allegheny and Is Dead.

Louis V. Deidrick, aged 22, son of Mrs. Joseph L. Deidrick, of this city, died yesterday morning at the Allegheny general hospital from a self-inflicted bullet wound in his left breast, from which he had been suffering since November 22, when he shot himself in an Allegheny hotel. Since being in the hospital he regretted his deed, and frequently expressed a desire to recover, but yesterday morning he grew rapidly worse, and had his first wish to leave the world gratified. Friends and relatives explain his action by saying that he was mentally unsound since his head was injured in an accident last summer.

The dead man had recently been employed by his brother, George H. Deidrick, a shirt manufacturer, of 821 Penn. avenue, as a salesman, and, being single, had lived at boarding houses and hotels. He last stopped at the Hotel Wilson, in Lacoek street, Allegheny, and in his rooms of that hotel he shot himself in the breast Saturday night, November 22.

The revolver report attracted attention of the attaches of the hotel to his room, and when the door was forced open, he was found bleeding upon the bed, and in front of the bureau, where he had evidently taken aim by means of the mirror. He was hastily removed to the hospital, and yielded readily to treatment, the physicians having high hope of saving his life.

Relatives were admitted as he improved, but they tacitly refrained from talking with him about his effort to die, and he did not mention the accident except admit that he had tried to end his own life, and regretted that he had made a "bad job of it." Since being told that he would probably get well he had seemed to want to recover, and had paid strict attention to the doctors' and surgeons' orders, but at 9:25 o'clock yesterday morning he succumbed to his wound.

Deputy Coroner John Black learned from G. H. Deidrick that his brother while in Ohio about two months ago had been struck by a runaway wagon. His head had been badly battered, and

CRUELTY AND ABUSE CHARGED BY WIFE

MRS. GEORGE WARD, OF EAST LIVERPOOL, GETS A DIVORCE.

Alleged That Brutal Treatment Began Right After Marriage. Salem Divorce.

Lisbon, December 10.—(Special).—Judge Hole granted a divorce to Lydia Ward, of East Liverpool, from George Ward yesterday afternoon, restoring her maiden name, Lydia Kinkade. The petition says they were married at New Cumberland August 9, 1899. Soon after their marriage, Mrs. Ward alleged, her husband began a course of cruel and inhuman conduct toward her which continued until December 26, 1901, when, after he had cruelly beaten her and had attempted to take her life, she left him and sought refuge with friends. She has not lived with

him since that time. McGarry brothers represented the plaintiff. Minnie B. Mentzer, of Salem, was also granted a divorce from Alvin Mentzer, on account of wilful absence and disregard of marital duties. With the divorce her maiden name, Minnie Heastand, was restored. They were married in Salem December 25, 1886. Attorney K. L. Cobourn represented the plaintiff.

SALOON ROW AIRED IN COURT

Jury Concludes That George Snowden is Not Guilty of Charge Against Him.

SHOOTING WAS INDULGED IN

And the Accused Was Tried For Shooting Intent to Kill—Exciting Story of Occurrence Told By Many Witnesses.

Lisbon, December 10.—(Special).—George Snowden, colored, was put on trial yesterday afternoon for shooting Blair Burchard with intent to kill, in a saloon quarrel in Wellsville last summer. Snowden has been out on bail ever since the occurrence. A large number of witnesses testified in the case.

The shooting occurred on the night of July 3rd, in the tenderloin district of Wellsville. The testimony of most of the witnesses was that the trouble started from Snowden's interference in a fight between Edward Eckler and Charles Wright, in an alley back of "Ginger" David's saloon. Edward finished his man in short order, whereupon it is alleged, Snowden went up to him and said that if his antagonist had been sober he would have thrashed Eckler, and that he would "make him rue it when he became sober." At this Eckler said neither of them could do it and both squared off for another bout. Snowden jumped back, it is alleged, and drew his pistol, a 32 calibre, and shot at Eckler without further warning. The crowd became excited and Burchard cried, "Let's get his gun," and with William Rosenberger, Edward Bunting, Eckler and possibly others, went at Snowden who started to back away.

They followed him to the back door of a Chinese laundry across the alley a few feet further down, where he was forced through the screen into a dark room.

Burchard, who had hold of the negro, was perhaps the only man who followed him in, and they were no sooner inside than Snowden commenced to blaze away in the darkness. One of the bullets passed through the back of Burchard's neck.

By this time Officer Fred Houser, chief of police, having heard of the melee, was on the scene and placed Snowden and Burchard under arrest. The rest of the crowd had scattered. Burchard has recovered and was the principal witness for the state.

Snowden's story differed somewhat from that of the other parties to the affair. He said that the man Wright was badly under the influence of liquor, and after a wordy altercation with a man named Geisse, the latter summoned Eckler to take it up for him. Eckler struck Wright a blow, which felled him, and he lay stunned for a few moments.

Snowden says he went up to Eckler and remonstrated, saying it was a shame to strike a man in Wright's condition that way. Wright was struggling to his feet again when Eckler laid him out with a second blow. Snowden again remonstrated and as

PROJECTED RAILROAD LINE LIKELY TO BE BUILT SOON

It begins to look as if the long projected and much discussed Canton & East Liverpool R. R. across this county were to become a certainty. The transfer to the railroad company of many thousand dollars worth of real estate in this county during the past few months would indicate that the project was going forward, and now comes more evidence to the same effect. A charter has now been secured to build the Pennsylvania end of the line at Smith's Ferry.

A Harrisburg dispatch states that a charter has been issued by the state department to the Canton & East Liverpool Railroad company, to run from a point on the state line between Pennsylvania and Ohio, near the intersection of Beaver creek, to a point on the Cleveland & Pittsburgh railroad at Smith's Ferry, Beaver county, a distance 3,500 feet. The company is capitalized at \$10,000. George H. Stein, of Philadelphia, is president. The directors are J. C. Richardson, H. S. Benedict, R. G. Mussimer, B. F. Williams and W. J. Williamson, of Philadelphia, Pa.

WARRANTS ISSUED FOR SALOON MAN

John Michaels Accused of Assault and Battery and Illegal Selling.

ITALIANS THE INSTIGATORS

And the Suits Grow Out of the Recent Arrests of the Prosecutors—Constable Neglected to Serve Papers Put in His Hands.

Affidavits were filed in Squire McLane's court this morning by Attorney W. E. Warren for the arrest of John Michaels, the Sixth street saloonist, upon two charges, assault and battery and selling liquor to a minor. The warrants will be issued today and placed in the hands of Constable Gill for execution.

Attorney is acting for Charles and Joseph Veltri, the Italians arrested Saturday night, the first charged with carrying concealed weapons and the latter with being drunk and disorderly. Charles was fined \$14.00 Sunday morning and Joseph \$7.50.

The foreigners appeared before Squire McLane after their first difficulty at the Michaels saloon and filed affidavits for the arrest of both saloonist and his bartender, John Meibach, charging them with assault and battery. The two men were not arrested and this morning when Attorney Warren applied to the justice for an explanation he was informed that the warrants were placed in the hands of Constable Powell and that officer went to the saloon to serve them but did not, owing to the sickness of one of the accused men.

The attorney expressed himself as being much surprised at the action of an officer and stated that he would have the officer answer for his neglect of duty to the courts. He then withdrew the first charge and making out another one added the one of selling to a minor. This, the attorney thinks, can be proven, as the dispute in the saloon is said to have arisen over an argument about some change wanted by Joe Veltri, who, it is said, is but 19 years of age, and who had bought some drinks.

REVIVAL IN PROGRESS

Young People's Camp Meeting at First M. E. Church Doing Excellent Work.

The Young People's camp meeting at the First M. E. church last night was largely attended. Rev. W. A. Fitch delivered a good sermon, followed by an interesting exhortation by Rev. Dr. Pratt. A number of conversions have occurred and much interest is manifested. The choir composed of nearly 100 members is doing excellent work.

At this evening several special numbers will be rendered. Rev. Dr. Pratt will preach this evening. Services will begin at 7:45. All are cordially invited to be present. Young people identified with any church are especially invited to attend.

NEW PASSENGER STATION PROMISED FOR THIS CITY

One of the Many Extensive Improvements Which the Officials of the Cleveland and Pittsburgh Have Mapped Out.

PROJECTED CHANGES MANY AND COSTLY

The vast improvements contemplated by the Pennsylvania Railroad company, among which is the double tracking of the Cleveland & Pittsburgh division through this city, are assuming definite shape as the work of laying the rails has at last been started.

Some two years ago it was announced by some of the officials of the railroad company that the C. & P. would be double tracked its entire length and that many extensive improvements would be made, but as similar promises had been made before the reports were given but little credence by the general public at the time.

It was only a short time, however, until the agents of the railroad began the work of securing options on property along the railroad track and in a remarkable short time the deals were being closed, which work has continued up to the present time.

Not only will the railroad be double tracked through this city, but other vast improvements, including the building of a magnificent passenger depot will be made. Several hundred thousand dollars will be expended before these improvements are completed.

The grading from Ralston's crossing to College street is almost completed, and a large force of men was put to work yesterday morning laying the rails. This portion of the track will be used for the present as a switch, which will greatly facilitate the handling of freight and will greatly relieve

the crowded condition of the yards. The grading between Jefferson street and the flint mill is well under way, and will be ready for the track in a very short time. This portion of the road will also be used for a switch until the track through the central portion of the city is built.

The work was inspected yesterday by G. L. Peck, general manager, and A. M. Schayer, general superintendent of Pennsylvania lines west of Pittsburgh. The gentlemen arrived in a special car and spent considerable time in conference with the officials of the company here.

Mr. Peck was seen by a News Review reporter and said: "There is no particular significance attached to our visit here, except that we are on the ground to inspect the plans of the intended improvements which have been prepared by our engineers. We are well pleased with the work already done, and while work of this nature is extremely tedious, yet we hope to rush it to completion as rapidly as possible. We have had many obstacles to contend with as is always the case in railroad extensions. As a rule we experience considerable trouble in securing the right of way, as property owners almost invariably ask fabulous prices for their property and generally insist on us taking ground which we do not need. Our work in that line, however, is well under way and we hope to have all the deals completed within the next

DESERTED WIFE'S STARTLING STORY

Writes to the Police That the Husband Who Left Her Has Married Again Here.

Pleading for some information as to the present whereabouts of a husband and father, who is alleged to have deserted his wife and three small children in Baltimore some five years ago, Mrs. Minnie Smith, of that city, in a sorrowful letter to the city officials here, relates a story, if true, that is pitiful in the extreme.

The letter gives the name of the alleged erring husband and father as William Stephen Smith, who, she says, without any cause whatever, deserted her and her three small children, leaving them in almost destitute circumstances.

She relates many hardships to which she has been subjected during all this time in an honest effort to provide for herself and little ones, striving and hoping that at some time this man who had sworn to love and protect her would at least return to his children who loved him so dearly, but her fond hopes have been in vain.

She says that her sad affliction has been doubled and that she is now al

most heartbroken by a report that reached her recently, that the husband had not only deserted herself and family for good, but that he had taken unto himself a second wife.

The first she had heard of her husband during all these years was the recent filing by him in the courts of Baltimore of an application for a divorce. In this application he also asked for the custody of his three children, but she says she would rather die than allow her children to go to him, as she does not deem him a fit person to care for them. The divorce case, she says, is still pending, as no effort has ever been made on his part to have it heard. Even when the divorce proceedings were instituted, she says, she did not know where he was. Only recently it was discovered that since his second marriage he has been working as a dipper in one of the Chester potteries.

The city officials have sent Mrs. Smith the desired information, and if her story is true the man will probably be arrested.

No Enthusiasm For Local Option.

Toronto, December 10.—(Special).—The committee having in charge the circulation of a petition to council for a vote on the Beal local option law in this town, reports that it has obtained but 116 signatures to the name out of a total ballot of nearly 700. It requires the signatures of 40 per cent. of the voters to make the petition effective, and from the present outlook the effort for obtaining the vote will fail.

LANCLEY SET FREE FROM REFORMATORY

East Liverpool Youth Gains Freedom Through Efforts of Salvation Army.

The Salvation Army, of this city, is responsible for the movement which will cause the release of John H. Langley from a Massachusetts reformatory where he was recently sent from Boston. When it was learned here that young Langley had been imprisoned, the Salvation Army immediately began to work to secure his release. Word was received by Mayor Davidson that he would be released if the money was sent for his transportation home. This was raised in a few hours and last night was expressed to Boston.

It is expected that the young man will reach this city in a few days. The Salvation Army in Boston expects to take the matter up and cause an investigation as to the manner in which he was imprisoned.

WITH THE WORKMEN IN THE CLAY PLANTS

NO MORE SCHEME GOODS.

It is reported that the Vodrey Pottery company will make some radical changes in the class of ware produced, beginning with the first of the year. According to statements given out recently the firm will abandon the manufacture of all scheme goods, and will devote the entire capacity to the production of the legitimate lines. This establishment has long had the reputation of turning out the best and most finely finished class of goods in the East Liverpool district, but when the several firms of the city took up the manufacture of scheme goods for the many cereal companies throughout the country, the Vodrey's, as a natural consequence, fell in line, and has made as good success as any of the others. The production of this grade of ware interfered to some extent with the company's other and better product, so it has been decided to abandon the common classes of crockery.

NO. 12'S ELECTION.

Local union No. 12 held its regular meeting last night at Brotherhood hall. Two new members were given the obligation and a number of important matters were attended to. The election of officers was held, resulting as follows: President, Thomas Lake; vice president, Bert Allison; recording secretary, William Anderson; financial secretary, John Reark; treasurer, William May; 1 per cent secretary, Edward O'Neal; statistician, Charles Fisher; inspector, Charles Och; inside guard; James Pickens; trustee, George Hughes.

TO ENCOURAGE ART.

With the object of advancing the efforts to properly instruct students in ceramic art, the Trenton board of trade has pledged itself to subscribe \$1,000. The city of Trenton donates \$3,000 a year and the state furnishes a similar amount. At least \$7,000 was necessary for the purpose this year, and that fact impelled the board of trade's action. Under the law the state gives dollar for dollar, so the total income is now brought up to \$8,000, thereby placing the school on a safe financial basis.

QUITS HIS TRADE.

Fred Dawson, one of the best printers in the city, who is at present employed at the Taylor, Smith & Taylor pottery in Chester, has resigned his position and will soon leave for his old home in Trenton. In resigning his present position Mr. Dawson also quits his trade as a potter as he intends to embark in business for himself in some eastern town next spring. His many friends, while sorry to hear of his intended departure, wish him unbounded success in his new undertaking.

COMING SOCIAL.

Printers' and Transferers' local No. 32 will give a social in their hall next Monday evening. Only printers, transferers, rubbers and those working at this particular branch of the pottery trade will be admitted to the hall. The social is to be given for the people working in this line of work that they may become better acquainted with each other and for this reason the general public will not be invited.

RUSHED WITH WORK.

The Wallace & Chetwynd plant is rushed with orders for decorated ware. Five printers are now employed at this plant which is more than has ever worked there at any one time. Even with this large force they are compelled to work at night to complete the orders the firm has promised to ship soon.

MORE ORDERS THAN EVER.

The usual activity at this time of the year is on at all of the potteries. The demand this year is greater than it has ever been before, and hundreds of orders are being received for Christmas goods which the potteries will be unable to fill. The demand for decorated goods especially is the heaviest known in the history of the trade, and many orders are returned with the information that it is impossible to make the goods within the specified time. At a great many of the potteries the printers and decorators are working at night in an effort to get as many of

the orders as possible filled before the first of the year. Not only has the lack of decorated goods on hand been a hindrance to the prompt filling of orders, but the congested condition of railroads in all parts of the country been a serious drawback to the manufacturers, but to their customers as well.

SHENANGO DOING WELL.

Trade at the Shenango China company, at New Castle, is fully sustained and work in all departments is moving vigorously and successfully. Every indication now points to an active closing of the first year's business—important uncompleted demands being still on their order files.

SPRAINED HIS BACK.

Frank Fowler, warehouseman at the Wallace & Chetwynd plant, is suffering from a severely sprained back as the result of a fall while on his way to work Monday morning.

POTTERY NOTES.

Sam Robinson, a well known potter, has received a lot of fine chickens from Parkersburg.

Harvey Dukes, a kilnhand at Mc Nicol's, has resigned to accept a similar job at Goodwin's.

Lyle Wines, the night watchman at the K. T. & K., is unable to attend to his duties owing to a sprained ankle. Charles Hunter, working on the kiln crew at the K. T. & K., had his foot mashed by the falling of the door liners.

Miss May Kilmer, a transferer employed at one of the river potteries, is seriously ill at her home on Seventh street.

Blaine McBride, a presser at the K. T. & K. plant, has returned to his work after spending a week hunting near Parkersburg.

Henry Wolf, working on the glost end at the Dresden, is unable to work, having sprained his leg while coming down California Hollow.

Harvey Woods, a warehouseman at Laughlin No. 2, is back at work after being confined to his home for the past several days on account of sickness.

Miss Agnes Garner, has resigned her position in the decorating shop at the National pottery, to accept a similar position at the Wallace & Chetwynd plant.

The employees of the clay department at the McNicol plant were forced to take an hour yesterday, caused by the breaking of a belt in the engine room.

A COLLEGE GRADUATE

According to Her Story, Was a Woman Who Lodged at the Jail Last Night.

Gentle Annie's double reappeared at the city hall last evening for a night's lodging. Her request was granted by the mayor, but before being given a cell she was questioned as to her past life and her ambitions for the future. She, according to her story, was graduated from the Allegheny college for women and started out on her roaming career, just because she had always been inclined to see the cold and cruel parts of the world.

From her general appearance she has seen some of the ways of the great country. The odor of whisky emerging from her mouth was evidence that she has learned the drinking habit, but she strongly denies that she ever drank a drop. She said that she had been over in Hancock county working for a family that was besieged with diphtheria. Upon making the statement the mayor informed her that he would be compelled to quarantine her for 31 days in the cell. She then pro-

PAY FOR MINING COAL

Is Sued for By a Colored Man Who Gets Judgment for \$2.95.

The case of Robert Wilson against Ira McArtor, in which the plaintiff sued the defendant for \$8.45 alleged to be due for mining coal in the latter's coal bank in the East End, near Dixonville, was heard by Squire McCarroll yesterday afternoon. Nearly three hours were consumed by the attorneys in drawing out testimony and arguing the case. At the conclusion the justice without a moment's delay rendered a decision in favor of the plaintiff, but only for \$2.95. The attorney for the defendant gave notice of an appeal and the case will reach common pleas court if the defendant pushes it.

Wilson is a colored man and a lifelong coal digger. He applied to McArtor for a job during the latter part of August and was given one upon certain agreements being made. After working for a number of weeks Wilson, who claimed that he had mined 731 bushels of coal, applied for a settlement and he alleges that he was not paid in full. McArtor alleges that Wilson only mined 631 bushels, and also alleges that he paid him \$1.29 too much.

NO MORE SCHEME GOODS.

It is reported that the Vodrey Pottery company will make some radical changes in the class of ware produced, beginning with the first of the year. According to statements given out recently the firm will abandon the manufacture of all scheme goods, and will devote the entire capacity to the production of the legitimate lines. This establishment has long had the reputation of turning out the best and most finely finished class of goods in the East Liverpool district, but when the several firms of the city took up the manufacture of scheme goods for the many cereal companies throughout the country, the Vodrey's, as a natural consequence, fell in line, and has made as good success as any of the others. The production of this grade of ware interfered to some extent with the company's other and better product, so it has been decided to abandon the common classes of crockery.

NO. 12'S ELECTION.

Local union No. 12 held its regular meeting last night at Brotherhood hall. Two new members were given the obligation and a number of important matters were attended to. The election of officers was held, resulting as follows: President, Thomas Lake; vice president, Bert Allison; recording secretary, William Anderson; financial secretary, John Keark; treasurer, William Maloy; 1 per cent secretary, Edward O'Neal; statistician, Charles Fisher; inspector, Charles Och; inside guard, James Pickens; trustee, George Hughes.

TO ENCOURAGE ART.

With the object of advancing the efforts to properly instruct students in ceramic art, the Trenton board of trade has pledged itself to subscribe \$1,000. The city of Trenton donates \$3,000 a year and the state furnishes a similar amount. At least \$7,000 was necessary for the purpose this year, and that fact impelled the board of trade's action. Under the law the state gives dollar for dollar, so the total income is now brought up to \$8,000, thereby placing the school on a safe financial basis.

QUITS HIS TRADE.

Fred Dawson, one of the best printers in the city, who is at present employed at the Taylor, Smith & Taylor pottery in Chester, has resigned his position and will soon leave for his old home in Trenton. In resigning his present position Mr. Dawson also quits his trade as a potter as he intends to embark in business for himself in some eastern town next spring. His many friends, while sorry to hear of his intended departure, wish him unbounded success in his new undertaking.

COMING SOCIAL.

Printers' and Transferers' local No. 32 will give a social in their hall next Monday evening. Only printers, transferers, rubbers and those working at this particular branch of the pottery trade will be admitted to the hall. The social is to be given for the people working in this line of work that they may become better acquainted with each other and for this reason the general public will not be invited.

RUSHED WITH WORK.

The Wallace & Chetwynd plant is rushed with orders for decorated ware. Five printers are now employed at this plant which is more than has ever worked there at any one time. Even with this large force they are compelled to work at night to complete the orders the firm has promised to ship soon.

MORE ORDERS THAN EVER.

The usual activity at this time of the year is on at all of the potteries. The demand this year is greater than it has ever been before, and hundreds of orders are being received for Christmas goods which the potteries will be unable to fill. The demand for decorated goods especially is the heaviest known in the history of the trade, and many orders are returned with the information that it is impossible to make the goods within the specified time. At a great many of the potteries the printers and decorators are working at night in an effort to get as many of

the orders as possible filled before the first of the year. Not only has the lack of decorated goods on hand been a hindrance to the prompt filling of orders, but the congested condition of railroads in all parts of the country been a serious drawback to the manufacturers, but to their customers as well.

SHENANGO DOING WELL.

Trade at the Shenango China company, at New Castle, is fully sustained and work in all departments is moving vigorously and successfully. Every indication now points to an active closing of the first year's business—important uncompleted demands being still on their order files.

SPRAINED HIS BACK.

Frank Fowler, warehouseman at the Wallace & Chetwynd plant, is suffering from a severely sprained back as the result of a fall while on his way to work Monday morning.

POTTERY NOTES.

Sam Robinson, a well known potter, has received a lot of fine chickens from Parkersburg.

Harvey Dukes, a kilnhand at McNicol's, has resigned to accept a similar job at Goodwin's.

Lyle Wines, the night watchman at the K. T. & K., is unable to attend to his duties owing to a sprained ankle. Charles Hunter, working on the kiln crew at the K. T. & K., had his foot mashed by the falling of the door liners.

Miss May Kilmer, a transferer employed at one of the river potteries, is seriously ill at her home on Seventh street.

Blaine McBride, a presser at the K. T. & K. plant, has returned to his work after spending a week hunting near Parkersburg.

Henry Wolf, working on the glost end at the Dresden, is unable to work, having sprained his leg while coming down California Hollow.

Harvey Woods, a warehouseman at Laughlin No. 2, is back at work after being confined to his home for the past several days on account of sickness.

Miss Agnes Garner, has resigned her position in the decorating shop at the National pottery, to accept a similar position at the Wallace & Chetwynd plant.

The employees of the clay department at the McNicol plant were forced to take an hour yesterday, caused by the breaking of a belt in the engine room.

Gentle Annie's double reappeared at the city hall last evening for a night's lodging. Her request was granted by the mayor, but before being given a cell she was questioned as to her past life and her ambitions for the future. She, according to her story, was graduated from the Allegheny college for women and started out on her roaming career, just because she had always been inclined to see the cold and cruel parts of the world.

From her general appearance she has seen some of the ways of the great country. The odor of whisky emerging from her mouth was evidence that she has learned the drinking habit, but she strongly denies that she ever drank a drop. She said that she had been over in Hancock county working for a family that was besieged with diphtheria. Upon making the statement the mayor informed her that he would be compelled to quarantine her for 31 days in the cell. She then pro-

PAY FOR MINING COAL

Is Sued for By a Colored Man Who Gets Judgment for \$2.95.

The case of Robert Wilson against Ira McArtor, in which the plaintiff sued the defendant for \$8.45 alleged to be due for mining coal in the latter's coal bank in the East End, near Dixonville, was heard by 'Squire McCarron yesterday afternoon. Nearly three hours were consumed by the attorneys in drawing out testimony and arguing the case. At the conclusion the justice without a moment's delay rendered a decision in favor of the plaintiff, but only for \$2.95. The attorney for the defendant gave notice of an appeal and the case will reach common pleas court if the defendant pushes it.

Wilson is a colored man and a lifelong coal digger. He applied to McArtor for a job during the latter part of August and was given one upon certain agreements being made. After working for a number of weeks Wilson, who claimed that he had mined 731 bushels of coal, applied for a settlement and he alleges that he was not paid in full. McArtor alleges that Wilson only mined 631 bushels, and also alleges that he paid him \$1.29 too much.

THE ACTION CRITICISED

Some East Enders Think Public Service Board Should Get Over \$50 a Month.

The action of councilmen in proposing that members of the board of public service be paid \$50 per month has created much discussion among residents of the East End. It is said that nearly all of the most important matters in city affairs will come under the control of that body, and necessarily men of unquestioned ability should be chosen as members. The streets, alleys and the great majority of public matters will be under their control, and such being the case it will occupy the greater part of the time of the members of the board. It is urged that with the salary established at only \$50 per month inferior men will be put on the board and not such men as will properly execute the duties of such an office.

The redistricting of the city, as finished by council last night, seems to meet with the approval of nearly all the residents of the old Fifth ward which is now made the First.

Considerable interest is also being manifested in the fight for the nomination for mayor. There are two candidates in the East End, and both have many warm supporters there. The chances are that the down town candidates will receive only a small vote in the old Fifth ward, owing to the feeling existing there that the mayor next year should come from that part of the city.

HAS RAISED \$35,000

Rev. W. I. Powell's Success in Getting Funds for Chattanooga University.

Rev. W. I. Powell, the financial secretary of Grant university, of Chattanooga and Athens, Tenn., was called to Chattanooga today to spend Christmas there. Rev. Mr. Powell has been connected with this university for the past three years, but only last year did he begin giving his entire time to the work. The last two months he has made East Liverpool his headquarters and the greater part of the time has remained with his son, J. W. Powell, of Mulberry street.

In the past two months Rev. Mr. Powell has been able to secure donations amounting to about \$35,000 for this university. In the past year the attendance at this school has increased about 50 per cent, owing to the increased facilities of the school and better financial condition. This has been brought about principally through the efforts of Rev. Mr. Powell, who was appointed to this position by the Eastern Ohio conference. He has been successful in raising several thousand dollars in this city and vicinity, and after Christmas will return here and continue the work.

SUNDAY SCHOOL OFFICERS

An Election Held By the Members of the Second U. P. Church.

The regular election of officers of the Second U. P. church Sunday school was held last night at the Sunday school room of the church. There was a good attendance of the officers, teachers and the following were chosen to look after the school during the coming year:

Superintendent—D. F. White.
Assistant Superintendent—Archie O. Searight.
Secretary—Thomas Yates.
Assistant Secretary—Thomas Fowler.
Treasurer—M. W. Elliott.
Organist—Miss Kittie White.
Assistant Organist—Miss Inez Hanley.

Superintendent of Juniors—Margaret McConnell.
Assistant Superintendent—Emma McCormick.

The prospects are bright for another good year in this Sunday school, and efforts will be made to increase both the attendance and interest manifested.

EAST END AFFAIRS.

The Nonpareil club will give a dance tonight at the Larkins & Ferguson hall on First avenue.

Tonight the members of the Prince of the Orient will hold another meeting at the P. H. C. hall in the East End and are anticipating a good time while initiating about a dozen members.

Protracted meetings are being held this week by Rev. Mr. Baum, of the Georgetown M. E. church. Considerable interest has been aroused and the meetings will be continued for several weeks.

John Goddard, Samuel Calhoun and Charles Bolton spent the greater part of yesterday hunting across the river. They were very successful and when they returned had no less than twenty-four large rabbits in their game bags.

M'LEAN'S CHOICE FOR GOVERNOR

The Ohio Boss Thought to Be Booming J. L. Zimmerman, of Springfield.

FORMERLY OF THIS COUNTY

He Figured in a Former Contest for the Nomination—Ira Marlatt Again Accused of Making Trouble—Expo. Commission Meets.

From a Staff Correspondent.

Columbus, December 10.—Lewis Bernard, representative of John R. McLean, of Cincinnati, while in Columbus yesterday, in discussing politics said that John L. Zimmerman, of Springfield, a former Columbiana county resident, was a strong man and would make an available candidate for governor. Bernard is a shrewd politician, not given to making idle remarks and some significance may be attached to his words. They are being interpreted in some circles as meaning that Zimmerman's candidacy will have the approval and support of McLean and his followers, in which event he would be nominated. Zimmerman was defeated by Kilbourne, of Columbus, for the Democratic nomination for governor a year ago last summer, but the former made many friends at the time, and it seemed to be the consensus of opinion of the delegates that he should be given the nomination at the next gubernatorial convention. Zimmerman has many friends in Salem and vicinity in which part of the county he once resided. He stands well with his party. Governor Nash so respected his judgment that he called him in consultation with him when he had under advisement a plan to place the institutions of the state on a better business basis.

Ira Marlatt, Columbiana county's famous prisoner, erstwhile "prison demon," is blamed by the penitentiary officials with putting devilment into a prisoner named Joseph Williams, of Hamilton county, who made a vicious assault with a stool on a guard Tuesday. The two convicts are locked in the same range and are thrown into each others company often. The methods used by Williams are similar to those used by Ira when he terrorized the officials in years gone by. This is what leads the officials to think that the latter has been prompting Williams. The man is shamming insanity in order to escape work. The officials never were able to make Marlatt perform any labor, and for several years he has been putting in the time about as he pleased in the part of the penitentiary in which he is confined.

The St. Louis Exposition commission met at the state house last evening and organized by electing W. F. Burdell, of Columbus, president; Hon. L. E. Holden, editor of the Cleveland Plain Dealer, vice president, and Stacy B. Rankin, of South Charleston, secretary. Arrangements were also made to invite architects to submit plans for the building which the state will erect at the exposition. All plans must be filed with the commission by not later than March 1, and work is to be started on the building on the first of June. The commission will go to St. Louis to view the site which has been selected for the Ohio building.

Boiler Kills Three.

Sidnaw, Mich., Dec. 10.—The boiler in Smith & Steinbraker's sawmill, four miles north of Bruce's crossing, on the military road, Ontonagon county, blew up Monday afternoon, killing three men, Mr. Steinbraker and two others, one of whom was a Mr. Hughes. Low water in the boiler is said to have been the cause of the explosion.

\$500,000 Fire.

Atlanta, Dec. 10.—Fire destroyed nearly a block of buildings in the heart of the city yesterday, and the loss is placed at \$500,000.

The Time the Tub's Turned Tells the Tale.

Tells of less labor and good Soap; that the old work-all-day method of rubbing and wearing out both life and clothes has been superseded by the tubful—every-half-hour way of Walker's Soap—a soap that cleans your clothes with little work. The wrapper tells how it is done.

WALKER'S SOAP

contains no scavenger greases nor free alkali, but is made from good wholesome tallow and coconut oil, under strictly sanitary conditions. Does nothing but cleanse and whiten; will not harm the most delicate laces nor sensitive hands. No rubbing nor boiling—saves the back, hands and clothes.

Look for the game rooster on the wrapper.

The postmaster general is eloquent in his arguments in favor of rural delivery. That it is a blessing and has come to stay there can be no doubt. Experience shows, as was expected, that rural free delivery enables the farmer to get a better price for his products, through daily information about market conditions. The postmaster general refers to instances in which cattle growers, through the prompt delivery of quotations, shaped their plans anew and saved more than the total cost of rural delivery over the routes on which they lived. Along every route the price of farm lands has improved. All these advantages, the postmaster general remarks, "have been equalled, if not surpassed, by the social and educational benefits conferred in relieving the monotony of rural life by bringing city and country in close connection, and giving the farmer an opportunity of keeping abreast with the rest of the world." It will take a great deal of money to extend rural free delivery as fast as it is desirable but it can be done and the cost will soon be repaid.

Some statistics are dull, but those made public this week by M. D. Ratchford, the Ohio commissioner of labor, are eloquent and inspiring. By figures which cannot lie he shows that this great state has been adding to its capital and the value of its manufactured products during the past year at an unprecedented rate. The amount of capital invested in manufacturing increased almost \$189,000,000 and the value of the output nearly \$300,000,000. The wages paid during the year increased \$61,000,000, while the number of employees in manufacturing establishments increased 104,378. There were 46,286 employees who had their wages increased, not counting those of railroads and private firms, while but 1,251 persons had their pay reduced. There is nothing the matter with the Buckeye state. Mr. Ratchford's figures explain why its people are enthusiastic in their demand that legislators and tariff tinkers shall let well enough alone.

An immigration bill that got through the house at the last session is now being pressed in the senate by Senator Penrose. It levies a per capita tax of \$3 on all aliens to constitute an immigration fund to pay the expense of administering the law. Under the law idiots, insane people, epileptics, criminals and paupers are excluded, as well as all illiterates over the age of 15 unless the same are members of the family of an alien who is admitted under the law.

Secretary Hay is business-like and has no liking for procrastination and dilatory tactics. He will go on making treaties with Cuba and Colombia, regardless of the threatening attitude of the Cuban congress and the fact that Colombia has no congress at all, and is not likely to have one until midsummer, for that is no business of ours. The treaties will be concluded and signed and submitted for the ratification of the senate.

New York anarchists are trying to raise a fund of \$1,000 for Herr Most.

If he ever gets that much money he is likely to quit being an anarchist and line up with the hated aristocracy.

If affairs in those South American republics do not reach a crisis about every three months the people in this country would be more worried about the Venezuelan situation.

Venezuela is no more prompt with cash than the sultan of Turkey used to be. The sultan, however, has been learning and a lesson is ready for Venezuela.

The Monroe doctrine is safe enough with Dewey and the strongest fleet Uncle Sam ever sent out watching the situation down in South America.

If Smith's Ferry ever gets half of the railroads projected to that point there is likely to be a new and noisy metropolis at our very doors.

OBITUARY

Mrs. John George.

Mrs. John George, a former resident of this city, died yesterday at her home in Canonsburg, Pa. She leaves a husband and four small children. The funeral will take place at Canonsburg tomorrow at 1 p. m.

FRIENDS AND VISITORS

Charles F. Goodwin is a Pittsburg visitor.

George Viney is home from a trip through Kentucky.

Mrs. J. E. Ferrall and daughter are visiting in Pittsburg.

Mrs. Charles Llewellyn, of Thompson hill, is seriously ill.

Miss Lucile Barr, of Rochester, is visiting her sister, Mrs. Charles B. Fisher.

Thomas Fisher and Robert Harker last evening attended the theater in Pittsburg.

Miss Margaret Hamil, of Villa Angela, Nottingham, will return from school the first of next week.

Officers McDermott and Morris are at Lisbon, having been subpoenaed to testify in a criminal case.

Squire J. N. Rose is contemplating a pleasure trip to Owensburg, Ky., next week, where he will visit a brother.

M. K. Zimmerman, a former East Liverpool newspaper man, has taken an editorial position on the staff of the Columbus Press.

Card of Thanks.

We desire to thank the many friends and neighbors for the many acts of kindness extended to us during our recent sad bereavement in the death of our loving daughter. Especially do we desire to thank Rev. David Jones and the choir of the Methodist Protestant church, the Sabbath school class, shopmates of the Laughlin pottery No. 2 and the Ohio Valley Business college for the beautiful floral tributes.

MR. AND MRS. GEORGE WELCH AND FAMILY.

God be with you, poor bereaved ones, Weeping by a darkened hearth; For the sunshine of your own hearth Lies beneath the silent earth.

Everywhere we miss her presence, Each remembered look and tone Only haunts familiar places,

Which your idols form has known, God has garnered up your treasure,

That your hearts may seek their own, Where her waiting feet will welcome Her beloved ones to their home.

AT THE THEATER

"The Al. G. Field Greater Minstrels," one great and fine feature, and one which lingers most pleasantly in the memory, is the pleasing work of the Clipper Quartette, four very clever gentlemen who sung themselves into fame and fortune, who have for years stood at the head of high class minstrel attractions and who possess the very rare qualities of being beautiful singers.

John N. Phillips, Doc, Quigley, Sam Goldman, Wm. Murray, Tommy Hyde, Tommy O'Dell, Billy Cawley and Frank Fogarty, all of whom have acquired individual reputations of national extent in their own distinct lines or lightening the cares of others by merry jest and infectious smile, are with this company.

Hall Caine's great play, "The Christian," well remembered here from its former engagement for excellence of cast and production throughout, which has characterized the management of Liebler & Company. Viola Allen and her company, in a new play also by Hall Caine, entitled "The Eternal City." Kyrle Bellew, will be seen again in "A Gentleman of France," Herbert Hall Winslow's new play, "The Vinegar Bumper," will introduce Ezra Kendall and a company of comedy artists, while James O'Neill will be seen in a Russian romantic drama by Harriett Ford, entitled "The Honour of the Humble." At the Grand Saturday night.

"The Game of Life," a melodrama.

six months at the farthest. Our improvements in this city alone will cost us several hundred thousand dollars, to say nothing of what the cost will be in improving the entire system."

When asked about the present freight congestion, Mr. Peck said: "Freight has been heavier this year, not only on our lines, but on every road in the country, than was ever known before. All of our lines have been taxed to their utmost capacity, which has been caused by the general prosperous condition of the country and the enormous lake trade. We hope, however, to be able to handle freight more promptly within the next month, as the lake season is closed and the rush is about over."

"What about the new depot you intend to build here," was asked Mr. Peck.

"I cannot give you any definite information on that as yet," was the reply. "In fact, our plans have not been fully completed as to the number or nature of the new buildings which it will be necessary for us to erect here. With the changes we are making the present depots will be entirely inadequate not only for our needs but for our patrons as well."

"It has been reported that the ground where both the present freight and passenger depots stand will be utilized for tracks, and that new and modern buildings will be erected on the ground recently purchased by the railroad company between Washington and Market street. What can you tell me of that," asked the reporter.

"Of course, we expect to use all of the ground we have bought," answered Mr. Peck. "But, as I said before, just what kind of buildings we will erect or where the location will be, I am not at liberty at the present time to say. I will say, however, that when our intended improvements are completed that East Liverpool will have as good facilities as any city along our entire system."

Messrs. Peck and Schayer left here for Bellaire where extensive improvements are being made. They expect to spend several days on a general tour of inspection along the entire C. & P. system.

The postmaster general is eloquent in his arguments in favor of rural delivery. That it is a blessing and has come to stay there can be no doubt. Experience shows, as was expected, that rural free delivery enables the farmer to get a better price for his products, through daily information about market conditions. The postmaster general refers to instances in which cattle growers, through the prompt delivery of quotations, shaped their plans anew and saved more than the total cost of rural delivery over the routes on which they lived. Along every route the price of farm lands has improved. All these advantages, the postmaster general remarks, "have been equalled, if not surpassed, by the social and educational benefits conferred in relieving the monotony of rural life by bringing city and country in close connection, and giving the farmer an opportunity of keeping abreast with the rest of the world." It will take a great deal of money to extend rural free delivery as fast as it is desirable but it can be done and the cost will soon be repaid.

Some statistics are dull, but those made public this week by M. D. Ratchford, the Ohio commissioner of labor, are eloquent and inspiring. By figures which cannot lie he shows that this great state has been adding to its capital and the value of its manufactured products during the past year at an unprecedented rate. The amount of capital invested in manufacturing increased almost \$189,000,000 and the value of the output nearly \$300,000,000. The wages paid during the year increased \$61,000,000, while the number of employees in manufacturing establishments increased 104,378. There were 46,286 employees who had their wages increased, not counting those of railroads and private firms, while but 1,251 persons had their pay reduced. There is nothing the matter with the Buckeye state. Mr. Ratchford's figures explain why its people are enthusiastic in their demand that legislators and tariff tinkers shall let well enough alone.

An immigration bill that got through the house at the last session is now being pressed in the senate by Senator Penrose. It levies a per capita tax of \$3 on all aliens to constitute an immigration fund to pay the expense of administering the law. Under the law idiots, insane people, epileptics, criminals and paupers are excluded, as well as all illiterates over the age of 15 unless the same are members of the family of an alien who is admitted under the law.

Secretary Hay is business-like and has no liking for procrastination and dilatory tactics. He will go on making treaties with Cuba and Colombia, regardless of the threatening attitude of the Cuban congress and the fact that Colombia has no congress at all, and is not likely to have one until mid-summer, for that is no business of ours. The treaties will be concluded and signed and submitted for the ratification of the senate.

New York anarchists are trying to raise a fund of \$1,000 for Herr Most.

If he ever gets that much money he is likely to quit being an anarchist and line up with the hated aristocracy.

If affairs in those South American republics did not reach a crisis about every three months the people in this country would be more worried about the Venezuelan situation.

Venezuela is no more prompt with cash than the sultan of Turkey used to be. The sultan, however, has been learning and a lesson is ready for Venezuela.

The Monroe doctrine is safe enough with Dewey and the strongest fleet Uncle Sam ever sent out watching the situation down in South America.

If Smith's Ferry ever gets half of the railroads projected to that point there is likely to be a new and noisy metropolis at our very doors.

AT THE THEATER

"The Al. G. Field Greater Minstrels," one great and fine feature, and one which lingers most pleasantly in the memory, is the pleasing work of the Clipper Quartette, four very clever gentlemen who fang themselves into fame and fortune, who have for years stood at the head of high class minstrel attractions and who possess the very rare qualities of being beautiful singers.

John N. Phillips, Doc. Quigley, Sam Goldman, Wm. Murray, Tommy Hyde, Tommy O'Dell, Billy Cawley and Frank Fogerty, all of whom have acquired individual reputations of national extent in their own distinct lines or lightening the cares of others by merry jest and infectious smile, are with this company.

Hall Caine's great play, "The Christian," well remembered here from its former engagement for excellence of cast and production throughout, which has characterized the management of Liebler & Company. Viola Allen and her company, in a new play also by Hall Caine, entitled "The Eternal City," Kyle Bellew, will be seen again in "A Gentleman of France," Herbert Hall Winslow's new play, "The Vinegar Bumper," will introduce Ezra Kendall and a company of comedy artists, while James O'Neill will be seen in a Russian romantic drama by Harriett Ford, entitled "The Honour of the Humble." six months at the farthest. Our improvements in this city alone will cost us several hundred thousand dollars, to say nothing of what the cost will be in improving the entire system."

When asked about the present freight congestion, Mr. Peck said: "Freight has been heavier this year, not only on our lines, but on every road in the country, than was ever known before. All of our lines have been taxed to their utmost capacity, which has been caused by the general prosperous condition of the country and the enormous lake trade. We hope, however, to be able to handle freight more promptly within the next month, as the lake season is closed and the rush is about over."

"What about the new depot you intend to build here," was asked Mr. Peck.

"I cannot give you any definite information on that as yet," was the reply. "In fact, our plans have not been fully completed as to the number or nature of the new buildings which it will be necessary for us to erect here. With the changes we are making the present depots will be entirely inadequate not only for our needs but for our patrons as well."

"It has been reported that the ground where both the present freight and passenger depots stand will be utilized for tracks, and that new and modern buildings will be erected on the ground recently purchased by the railroad company between Washington and Market street. What can you tell me of that," asked the reporter.

"Of course, we expect to use all of the ground we have bought," answered Mr. Peck. "But, as I said before, just what kind of buildings we will erect or where the location will be, I am not at liberty at the present time to say. I will say, however, that when our intended improvements are completed that East Liverpool will have as good facilities as any city along our entire system."

Messrs. Peck and Schayer left here for Bellaire where extensive improvements are being made. They expect to spend several days on a general tour of inspection along the entire C. & P. system.

TERRIBLY BURNED
BY GAS EXPLOSIONFRANK CONNOR HAS A NARROW
ESCAPE FROM DEATH.Escaping Gas, Lighted By a Match,
Hurls Man Ten Feet, Injur-
ing Him Badly.

An explosion occurred in the saloon belonging to W. C. Connor, on Main street, near Third street, at 8 a. m. today, which nearly burned to death Frank Connor, the brother of the proprietor, who is employed in the saloon.

It seems that some one had lighted a small gas jet last evening in the ice cooler in the cellar of the saloon, and after getting what they wanted had left the cellar without turning out the gas. The result was that when the gas mains of the Ft. Pitt Gas company were turned off last evening the jet was left open. When the gas was again turned on by the gas company gas escaped from the jet. As the jet is very seldom used by any of the employees of the place, it was overlooked when the gas was again turned on.

Gas had escaped into the little enclosed room all night long and this morning when Frank Connor went down to the cooler to get some stock for the day he struck a match, as it was very dark, and then opened the door of the room. The result was a serious explosion. Connor was struck by the door of the cooler and was thrown a distance of 10 feet. When picked up it was found that he was seriously burned. His hair, eye brows and moustache were burned off and his face, neck and one side of his body and an arm were also severely burned.

He was carried at once in a cab to his home on Eleventh street. Dr. Hutcheson was called and after a careful examination of the man found that he had inhaled some of the flames of the explosion. Connor is in a critical condition, although it is believed that he will recover.

The force of the explosion aside from wrecking the cooler, broke the big plate glass window in the front of the saloon into fine pieces. The window was valued at \$150.

ANOTHER BREAK

In Ft. Pitt Gas Company's Mains
Caused a Temporary Short-
age Yesterday.

Another break in the main line of the Ft. Pitt Gas company occurred at Freeman's Crossing yesterday, a short distance from where the break of a few days ago happened. The new break did not affect Wellsville consumers until late in the afternoon, when the supply became short. None of the factories of the city suffered very much, as the work of the day in most instances had been completed.

The break was repaired again last evening and there is now as much of a supply as usual. It is hoped there will be no more breaks this winter, as they cause much inconvenience and suffering.

MAY LOSE HIS FOOT

A Colored Mill Man Burned By a
Piece of Red Hot
Metal.

Levi Cobbs, a well known colored man employed at the mill of the American Sheet Steel company, was the victim of a serious accident this morning at 9:30 which may result in the loss of his left foot.

Cobbs was working this morning on one of the bar mills when a sharp piece of red hot iron that had just went through the middle of his left foot, leaving a hole large enough to lay a finger in.

The unfortunate man was at once

carried from the mill and taken to the office of Dr. Robinson, who was not in. He was taken from there to his boarding house on Fifth street, opposite the city hall. Dr. Parke was then called and dressed the injured foot. It is possible that the foot may have to be amputated, although it is thought that it can be saved. Cobbs will be laid up for some time.

Meeting of Local No. 24.

The regular meeting of local union No. 24, N. B. of O. P., was held last evening in the hall. No business of public importance was transacted and the session was very short. Only a few of the members were present. Plans for the next musical and literary entertainment were talked over, but no definite action was taken.

Small Demand for Poison.

The Krause poison law which goes into effect January 1 and which requires druggists to register all sales of poison and forbids the sale of morphine and cocaine unless prescribed for by a physician will have but little effect upon the drug business in this city. A local druggist stated to a representative of this paper last evening that he had not had a call for either cocaine or morphine for nearly five years, excepting once or twice when a prescription was given.

Clerks' Oyster Supper.

All arrangements have now been completed for the oyster supper to be given this evening at the Potters' hall by Local union No. 63, Retail Clerks' International Protective association. Several tables will be set and each table will be in charge of two of the young lady members of the order. A fine menu has been prepared.

BEAL LAW VIOLATOR
FINED \$100 AND COSTSColumbiana Hotel Keeper Must Pay
Heavily For Selling Malt
Meat.

Lisbon, December 10.—(Special)—William Ryan, proprietor of the hotel at Columbiana, pleaded guilty yesterday to a violation of the Beal law, which is in force there in the sale of a beverage called malt meat. Mr. Ryan said it had been represented as a soft drink containing less than 2 per cent. of alcohol, but inquiry revealed the fact that he had been required to take out a federal licence, which the court said, was evidence that he knew the stuff to be regarded as an intoxicant. He was fined \$100 and costs, aggregating nearly \$125.

In imposing the penalty Judge Hole said he wanted it understood that where the Beal law represented the expressed wish of the people of a community, its violation would call for liberal penalties when brought to the attention of the court.

SOUTH SIDE

THE FERRY FIGHT
GROWS STRENUOUSATTORNEYS FOR GOUCHER NOW
PROPOSE TO APPEAL.Hope That Rights to Run the Emily
Yet Be Legally Granted.

Preparations are now being made by the attorneys of Samuel B. Goucher to appeal the case in regard to the ferry franchise between Congo and Wellsville. It will be remembered that last month the county court set aside the franchise awarded to S. B. Goucher to operate a steam ferry boat "Emily" between the two points mentioned. Since that decision the steam ferry boat has been taken off the river and in place of it a flat boat is operated by a gasoline launch.

Although Goucher's franchise was revoked he is still operating a ferry pending the fate of his appeal to the higher courts. He has prepared another petition to the county court asking for an amended franchise. This time he will ask for a franchise between the two towns mentioned but does not ask for a landing controlled by Johnston. The latter has always claimed that the wharf belonged to him and the courts sustained his claim.

Now Goucher will ask for a landing on the West Virginia side on the old state road property. This was laid out by the state and was sixty feet wide. Since that time his road was dedicated to Congo by the state and is under the control of the town and might be used as a landing for a ferry boat should the county court see fit to so order it. At the present time this road has been encroached upon by private parties and several feet on both sides of it have been fenced in.

Should the county court decide at its next special session that Goucher can operate a ferry from this point the Emily will again be called into play. The friends of Goucher and the great majority of the residents of Congo and Wellsville are anxious that this franchise be given to him so that communication between the two points may be resumed and that persons wishing to cross the river will not be compelled to ride in a flat boat as in former years and as they are now compelled to do under the decision of the court.

AN AFFLICTED FAMILY

Two Deaths of Scarlet Fever at Fred
Hobbs' Home And Another Child
Critically Ill.

The five year old son of Mr. and Mrs. Fred Hobbs, near Chester, died yesterday evening at 10 o'clock after a short illness with scarlet fever. This is the second child to die of this family within a week and both deaths resulted from scarlet fever. The funeral will be private and will be held this afternoon. Interment at Mill Creek cemetery. Another child, a little daughter, is also critically ill with scarlet fever and physicians say that she will hardly be able to live more than a few days at the longest. Mr. Hobbs is a brother of Dr. Hobbs of East Liverpool.

More Would-be Councilmen.

Scarcely a day goes by without another candidate for council announcing himself. Today two new candidates are in the field and both are in the Second ward. The present councilman from that ward, E. LADIES OF THE C. A. R.

WILL BE ORGANIZED

It Will Start With Twenty-Five or
More Members—To Be Instituted
Tomorrow Night.

A circle of the Ladies of the Grand Army, composed of 25 or more women of this city, is to be instituted at the Grand Army hall tomorrow night under auspicious circumstances. The installation services will be conducted by the national president, Mrs. Anna Hall, of Wheeling, who will be assisted by the national secretary, Miss Ruth Hall, and the past national commander, Mrs. Sheriff, of Allegheny. Mrs. Griggs, of Columbus, a member of the national council of administration, will also take part.

The ladies who will comprise the organization are all closely related to veterans of the civil war, but their names would not be given out by the promoters of the new circle.

NEW LINE TO WHEELING

Old State Line Project to Connect the
Nail City And Pittsburgh to
Be Pushed.

Pittsburg, December 10.—Some 12 years ago there was granted at Harrisburg a charter to a company which proposed to build a railroad from Pittsburg to Wheeling, W. Va. The road was never built. But in the effort to build the road about 75 per cent. of the right of way was secured. Now, it is announced the road is to be built.

The right of way, together with the franchises of the company, has now been sold to the West Side Belt Railroad company, which proposes to build the road. The Pittsburg terminal of the road will be on Old avenue, just east of the Allegheny county jail. The line will lead direct to the Monongahela river, which will be crossed just above the present Panhandle railroad bridge. On the South Side the new line is to connect with the West Belt Side. Thence the line proceeds to Castle Shannon, Library, Canonsburg, Houston, McConnells Mills, Independence, Bethany, Wellsburg and thence to Wheeling, a total distance of 63 miles. The grades of the proposed road are said to be comparatively easy.

Charles Denny, vice president of the West Side Belt line, frankly admitted yesterday that his company had bought the franchise of the proposed Canonsburg and State Line railroad.

TERRIBLY BURNED BY GAS EXPLOSION

FRANK CONNOR HAS A NARROW ESCAPE FROM DEATH.

Escaping Gas, Lighted By a Match, Hurled Man Ten Feet, Injuring Him Badly.

An explosion occurred in the saloon belonging to W. C. Connor, on Main street, near Third street, at 8 a. m. today, which nearly burned to death Frank Connor, the brother of the proprietor, who is employed in the saloon.

It seems that some one had lighted a small gas jet last evening in the ice cooler in the cellar of the saloon, and after getting what they wanted had left the cellar without turning out the gas. The result was that when the gas mains of the Ft. Pitt Gas company were turned off last evening the jet was left open. When the gas was again turned on by the gas company gas escaped from the jet. As the jet is very seldom used by any of the employees of the place, it was overlooked when the gas was again turned on.

Gas had escaped into the little enclosed room all night long and this morning when Frank Connor went down to the cooler to get some stock for the day he struck a match, as it was very dark, and then opened the door of the room. The result was a serious explosion. Connor was struck by the door of the cooler and was thrown a distance of 10 feet. When picked up it was found that he was seriously burned. His hair, eye brows and moustache were burned off and his face, neck and one side of his body and an arm were also severely burned.

He was carried at once in a cab to his home on Eleventh street. Dr. Hutcheson was called and after a careful examination of the man found that he had inhaled some of the flames of the explosion. Connor is in a critical condition, although it is believed that he will recover.

The force of the explosion aside from wrecking the cooler, broke the big plate glass window in the front of the saloon into fine pieces. The window was valued at \$150.

ANOTHER BREAK

In Ft. Pitt Gas Company's Mains Caused a Temporary Shortage Yesterday.

Another break in the main line of the Ft. Pitt Gas company occurred at Freeman's Crossing yesterday, a short distance from where the break of a few days ago happened. The new break did not affect Wellsville consumers until late in the afternoon, when the supply became short. None of the factories of the city suffered very much, as the work of the day in most instances had been completed.

The break was repaired again last evening and there is now as much of a supply as usual. It is hoped there will be no more breaks this winter, as they cause much inconvenience and suffering.

MAY LOSE HIS FOOT

A Colored Mill Man Burned By a Piece of Red Hot Metal.

Levi Cobbs, a well known colored man employed at the mill of the American Sheet Steel company, was the victim of a serious accident this morning at 9:30 which may result in the loss of his left foot.

Cobbs was working this morning on one of the bar mills when a sharp piece of red hot iron that had just went through the middle of his left foot, leaving a hole large enough to lay a finger in.

The unfortunate man was at once

carried from the mill and taken to the office of Dr. Robinson, who was not in. He was taken from there to his boarding house on Fifth street, opposite the city hall. Dr. Parke was then called and dressed the injured foot. It is possible that the foot may have to be amputated, although it is thought that it can be saved. Cobbs will be laid up for some time.

Meeting of Local No. 24.

The regular meeting of local union No. 24, N. B. of O. P., was held last evening in the hall. No business of public importance was transacted and the session was very short. Only a few of the members were present. Plans for the next musical and literary entertainment were talked over, but no definite action was taken.

Small Demand for Poison.

The Krause poison law which goes into effect January 1 and which requires druggists to register all sales of poison and forbids the sale of morphine and cocaine unless prescribed for by a physician will have but little effect upon the drug business in this city. A local druggist stated to a representative of this paper last evening that he had not had a call for either cocaine or morphine for nearly five years, excepting once or twice when a prescription was given.

Clerks' Oyster Supper.

All arrangements have now been completed for the oyster supper to be given this evening at the Potters' hall by Local union No. 63, Retail Clerks' International Protective association. Several tables will be set and each table will be in charge of two of the young lady members of the order. A fine menu has been prepared.

BEAL LAW VIOLATOR FINED \$100 AND COSTS

Columbiana Hotel Keeper Must Pay Heavily For Selling Malt Mead.

Lisbon, December 10.—(Special)—William Ryan, proprietor of the hotel at Columbiana, pleaded guilty yesterday to a violation of the Beal law, which is in force there in the sale of a beverage called malt mead. Mr. Ryan said it had been represented as a soft drink containing less than 2 per cent. of alcohol, but inquiry revealed the fact that he had been required to take out a federal licence, which the court said, was evidence that he knew the stuff to be regarded as an intoxicant. He was fined \$100 and costs, aggregating nearly \$125.

In imposing the penalty Judge Hole said he wanted it understood that where the Beal law represented the expressed wish of the people of a community, its violation would call for liberal penalties when brought to the attention of the court.

THE FERRY FIGHT GROWS STRENUOUS

ATTORNEYS FOR GOUCHER NOW PROPOSE TO APPEAL.

Hope That Rights to Run the Emily Yet Be Legally Granted.

Preparations are now being made by the attorneys of Samuel B. Goucher to appeal the case in regard to the ferry franchise between Congo and Wellsville. It will be remembered that last month the county court set aside the franchise awarded to S. B. Goucher to operate a steam ferry boat "Emily" between the two points mentioned. Since that decision the steam ferry boat has been taken off the river and in place of it a flat boat is operated by a gasoline launch.

Although Goucher's franchise was revoked he is still operating a ferry pending the fate of his appeal to the higher courts. He has prepared another petition to the county court asking for an amended franchise. This time he will ask for a franchise between the two towns mentioned but does not ask for a landing controlled by Johnston. The latter has always claimed that the wharf belonged to him and the courts sustained his claim.

Now Goucher will ask for a landing on the West Virginia side on the old state road property. This was laid out by the state and was sixty feet wide. Since that time his road was dedicated to Congo by the state and is under the control of the town and might be used as a landing for a ferry boat should the county court see fit to so order it. At the present time this road has been encroached upon by private parties and several feet on both sides of it have been fenced in.

Should the county court decide at its next special session that Goucher can operate a ferry from this point the Emily will again be called into play. The friends of Goucher and the great majority of the residents of Congo and Wellsville are anxious that this franchise be given to him so that communication between the two points may be resumed and that persons wishing to cross the river will not be compelled to ride in a flat boat as in former years and as they are now compelled to do under the decision of the court.

AN AFFLICTED FAMILY

Two Deaths of Scarlet Fever at Fred Hobbs' Home And Another Child Critically Ill.

The five year old son of Mr. and Mrs. Fred Hobbs, near Chester, died yesterday evening at 10 o'clock after a short illness with scarlet fever. This is the second child to die of this family within a week and both deaths resulted from scarlet fever. The funeral will be private and will be held this afternoon. Interment at Mill Creek cemetery. Another child, a little daughter, is also critically ill with scarlet fever and physicians say that she will hardly be able to live more than a few days at the longest. Mr. Hobbs is a brother of Dr. Hobbs of East Liverpool.

It Will Start With Twenty-Five or More Members—To Be Instituted Tomorrow Night.

A circle of the Ladies of the Grand Army, composed of 25 or more women of this city, is to be instituted at the Grand Army hall tomorrow night under auspicious circumstances. The installation services will be conducted by the national president, Mrs. Anna Hall, of Wheeling, who will be assisted by the national secretary, Miss Ruth Hall, and the past national commander, Mrs. Sheriff, of Allegheny. Mrs. Griggs, of Columbus, a member of the national council of administration, will also take part.

The ladies who will comprise the organization are all closely related to veterans of the civil war, but their names would not be given out by the promoters of the new circle.

NEW LINE TO WHEELING

Old State Line Project to Connect the Nail City And Pittsburgh to Be Pushed.

Pittsburg, December 10.—Some 12 years ago there was granted at Harrisburg a charter to a company which proposed to build a railroad from Pittsburg to Wheeling, W. Va. The road was never built. But in the effort to build the road about 75 per cent. of the right of way was secured. Now, it is announced the road is to be built.

The right of way, together with the franchises of the company, has now been sold to the West Side Belt Railroad company, which proposes to build the road. The Pittsburg terminal of the road will be on Old avenue, just east of the Allegheny county jail. The line will lead direct to the Monongahela river, which will be crossed just above the present Panhandle railroad bridge. On the South Side the new line is to connect with the West Belt Side. Thence the line proceeds to Castle Shannon, Library, Canonsburg, Houston, McConnells Mills, Independence, Bethany, Wellsburg and thence to Wheeling, a total distance of 63 miles. The grades of the proposed road are said to be comparatively easy.

Charles Dennelly, vice president of the West Side Belt line, frankly admitted yesterday that his company had bought the franchise of the proposed Canonsburg and State Line railroad.

ATTORNEYS FOR GOUCHER NOW
PROPOSE TO APPEAL.

Hope That Rights to Run the Emily
Yet Be Legally Granted.

Preparations are now being made by the attorneys of Samuel B. Goucher to appeal the case in regard to the ferry franchise between Congo and Wellsville. It will be remembered that last month the county court set aside the franchise awarded to S. B. Goucher to operate a steam ferry boat "Emily" between the two points mentioned. Since that decision the steam ferry boat has been taken off the river and in place of it a flat boat is operated by a gasoline launch.

Although Goucher's franchise was revoked he is still operating a ferry pending the fate of his appeal to the higher courts. He has prepared another petition to the county court asking for an amended franchise. This time he will ask for a franchise between the two towns mentioned but does not ask for a landing controlled by Johnston. The latter has always claimed that the wharf belonged to him and the courts sustained his claim.

Now Goucher will ask for a landing on the West Virginia side on the old state road property. This was laid out by the state and was sixty feet wide. Since that time his road was dedicated to Congo by the state and is under the control of the town and might be used as a landing for a ferry boat should the county court see fit to so order it. At the present time this road has been encroached upon by private parties and several feet on both sides of it have been fenced in.

Should the county court decide at its next special session that Goucher can operate a ferry from this point the Emily will again be called into play. The friends of Goucher and the great majority of the residents of Congo and Wellsville are anxious that this franchise be given to him so that communication between the two points may be resumed and that persons wishing to cross the river will not be compelled to ride in a flat boat as in former years and as they are now compelled to do under the decision of the court.

AN AFFLICTED FAMILY

Two Deaths of Scarlet Fever at Fred
Hobbs' Home And Another Child
Critically Ill.

The five year old son of Mr. and Mrs. Fred Hobbs, near Chester, died yesterday evening at 10 o'clock after a short illness with scarlet fever. This is the second child to die of this family within a week and both deaths resulted from scarlet fever. The funeral will be private and will be held this afternoon. Interment at Mill Creek cemetery. Another child, a little daughter, is also critically ill with scarlet fever and physicians say that she will hardly be able to live more than a few days at the longest. Mr. Hobbs is a brother of Dr. Hobbs of East Liverpool.

More Would-be Councilmen.

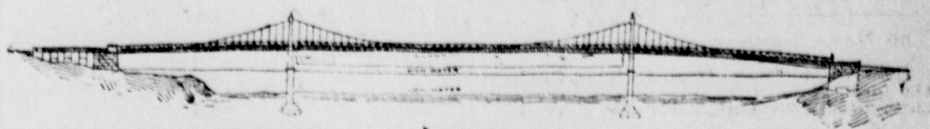

Scarcely a day goes by without another candidate for council announcing himself. Today two new candidates are in the field and both are in the Second ward. The present councilman from that ward, E. S. Johnston, has finally decided to again be a candidate, owing to the influence of several of his friends. The other aspirant for political honors in that ward is Clyde Calhoun.

P. H. C. Is Growing.

The regular meeting of the Protected Home circle was held last night in Justice W. C. Johnston's office. Since the organization of this circle it

LADIES OF THE G. A. R. WILL BE ORGANIZED

It Will Start With Twenty-Five or
More Members—To Be Instituted
Tomorrow Night.

A circle of the Ladies of the Grand Army, composed of 25 or more women of this city, is to be instituted at the Grand Army hall tomorrow night under auspicious circumstances. The installation services will be conducted by the national president, Mrs. Anna Hall, of Wheeling, who will be assisted by the national secretary, Miss Ruth Hall, and the past national commander, Mrs. Sheriff, of Allegheny. Mrs. Griggs, of Columbus, a member of the national council of administration, will also take part.

The ladies who will comprise the organization are all closely related to veterans of the civil war, but their names would not be given out by the promoters of the new circle.

NEW LINE TO WHEELING

Old State Line Project to Connect the
Nail City And Pittsburgh to
Be Pushed.

Pittsburg, December 10.—Some 12 years ago there was granted at Harrisburg a charter to a company which proposed to build a railroad from Pittsburg to Wheeling, W. Va. The road was never built. But in the effort to build the road about 75 per cent. of the right of way was secured. Now, it is announced the road is to be built.

The right of way, together with the franchises of the company, has now been sold to the West Side Belt Railroad company, which proposes to build the road. The Pittsburg terminal of the road will be on Old avenue, just east of the Allegheny county jail. The line will lead direct to the Monongahela river, which will be crossed just above the present Panhandle railroad bridge. On the South Side the new line is to connect with the West Belt Side. Thence the line proceeds to Castle Shannon, Library, Canonsburg, Houston, McConnells Mills, Independence, Bethany, Wellsburg and thence to Wheeling, a total distance of 63 miles. The grades of the proposed road are said to be comparatively easy.

Charles Denny, vice president of the West Side Belt line, frankly admitted yesterday that his company had bought the franchise of the proposed Canonsburg and State Line railroad.

MAY BE NO FIGHT

A Prospect That the Jeffries-Corbett Battle Scheduled for May Will Fall Through.

Chicago, December 10.—"There is some danger of the fight between Jeffries and Corbett falling through," said Lou Houseman. "Jeffries' touring plans with Fitzsimmons threaten to interfere, and the match agreed upon for next May may come to naught. There are no articles, no signatures and no forfeits to bind the thing—nothing but Jeffries' word that he would give Corbett a fight. I was a witness to this, and there is a moral obligation involved which Jeffries cannot well override. The champion figures it out that he can make more money in exhibition than he can earn in a fight against Corbett. This may or may not be so. Corbett has Jeffries' promise for a return battle, and the champion is in honor bound to make this promise good, even at the sacrifice of money.

"Corbett has been working for nearly six months now on the strength of this promise."

WON BY WINDSORS

A Bowling Match Between Rival Teams Played Last Evening.

The Windsor and Eclipse bowling teams met last evening on the Imperial alleys and played a series of three games. The former team won the series with ease, scoring 126 points more than their adversaries. The lineups and individual scores follow:

Windsors—Geon, 126, 177, 100; Bence, 174, 119, 131; Woods, 134, 117, 164; Durkee, 164, 183, 110; Blind, 143, —, —; Brick, —, 106, 160.

Eclipse—Dawson, 136, 135, 124; Logan, 106, 110, 165; Rose, 122, 100, 197; McNeel, 114, 154, 107; Williams, 158, 132, 112.

Girl's Excellent Shooting.

New York, December 10.—Miss Edith Ranson, daughter of Mr. and Mrs. Charles J. Ranson, has won the title of champion shot in the vicinity of Lake Hopateong, N. J. In two trips to the shooting ground last week she made a bag of 35 ducks. Once she succeeded in getting within range of a flock of about 40 ducks before they took alarm. As they rose from the water she fired both barrels and brought down five birds.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FORESTRY FOR FARMERS

Services of the Government Bureau Placed at Their Disposal Without Cost.

Washington, December 10.—(Special.)—The farmers of this country own about 500,000,000 acres of wood land, 10 times the acreage of all the federal forest reserves. Most of it consists of small wood lots from which the owners derive their timber supplies for farm purposes.

It was to help the farmer in caring for his timber land that the bureau of forestry several years ago undertook to furnish him, without cost, with the services of its foresters. The offer proved popular, and applications for assistance have far exceeded the ability of the bureau, with its limited number of trained foresters, to answer them. During the season just passed the bureau has accomplished more than ever before in putting small wood lots under forest management and in teaching the farmer how properly to treat his timber. Two experts have been employed in the north and south who have examined and have put under management several thousand acres of wood land.

A great deal of wood is consumed every year on the farm for fuel, posts, poles and other uses. Ordinarily, the farmer cuts what he needs without thought as to whether he is lessening the power of his forest constantly to yield its supplies. The result is that the forest becomes poorer every year and less able to furnish the wood its owner needs. The skill the farmer exercises in the management of his crops is not the kind that enables him to manage properly his timber. He needs the services of a forester.

Usually, only one visit to the farm by the bureau's expert is necessary, and this service is given without cost to the owner. When, as occasionally happens, a second visit is needed, the owner is required to pay the traveling and living expenses of the expert while employed at the work.

There was not a death in Massillon during the past two weeks.

THE LINCOLN STAMP

New Design for Five-Cent Stamp Represents War And Reconciliation.

Local patrons of the postoffice stamp window will perhaps at the beginning of the new year have a chance to use a new five-cent stamp which will have more history on it and convey more feeling of sectional union than any engraving of its size yet printed. The postoffice department at Washington has just approved and the engravers at the engraving and printing bureau have just begun work on a remarkable new five-cent stamp.

It will be an official attempt to still further obliterate the sectional feeling which may yet remain between the north and south. The central oval of the little "letter carrier" will bear the image of Abraham Lincoln, as he appeared in war times. On either side of the oval there will be designs of female figures representing the north and south. Over the head of Lincoln they will clasp hands, each supporting a palm branch. Each figure will also bear a draped American flag.

ASSAULTED BY GANG

Railroad Detective Attacked With Pick And Rendered Unconscious.

Leetonia, December 10.—J. D. Baker, of this town, a railroad detective employed on the Pennsylvania lines between Alliance and Rochester, was the victim of an assault here while arresting two bums whom he had captured stealing a ride on a freight. He was left lying unconscious on the street, where he was found some time later and taken to a physician's office. He is now at his home doing nicely and will recover.

Baker had arrested two fellows about 11 o'clock in the west end of town, and was walking them to the lockup in the business part of the city. He was suddenly pounced upon by three miscreants, evidently a part of the gang to which the prisoners belonged. The newcomers were armed with pick handles, and the five turned in and gave the officer a terrible beating about the head and body.

They left him lying unconscious in the street and made their escape in the darkness. He was found by a passerby about an hour later, and a physician worked with him until early this morning. No bones were broken, but he was terribly bruised and lacerated. He was removed to his home and is doing nicely.

A Timely Suggestion.

"Now that winter with its bad weather is with us I would advise every family to provide themselves against sudden attacks of coughs and colds by keeping at hand a good cough medicine like Chamberlain's Cough Remedy, which is the best among the many preparations for these ailments that I have on my shelves," says Mr. L. C. Neaville, the well known and popular druggist of Pittsboro, Ind. "I recommend this remedy and guarantee it to be without an equal for coughs and colds, also as a preventative and cure for croup." EST. 1847. Allcock's POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the kidneys, or for a Weak Back, the plaster should be applied as shown above. Wherever there is a pain apply Allcock's Plaster.

For Rheumatism or Pains in Shoulders, Elbows or elsewhere, or for Sprains, Stiffness, etc., and for Aching Feet, cut plaster size and shape required and apply to part affected as shown above.

For Sore Throat, Coughs, Bronchitis, for Weak Lungs and for painful and sensitive parts of the abdomen, apply as indicated.

Rheumatism, Colds, Coughs Weak Chest, Weak Back Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and cleanest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist. "My investigation of Allcock's Porous Plaster shows it to contain valuable and essential ingredients not found in any other plaster, and I find it superior to and more efficient than any other plaster."

MOTHER AND CHILDREN KILLED.

Mrs. J. C. Nealy, Her Two Daughters and a Son Run Down by Passenger Train—Father Goes Insane.

Findlay, O., Dec. 10.—Mrs. J. C. Nealy, her two daughters, aged 11 and 9, and a son, aged 7, were run down and killed by an eastbound Baltimore and Ohio passenger train, one mile west of North Baltimore, at 4:15 yesterday afternoon.

The body of one of the girls was not found until the train pulled into North Baltimore, when it was discovered on top of the first coach.

The mother and girls were killed instantly, but the boy lived half an hour. The party was returning from a shopping trip at North Baltimore, and a building at Dewees crossing obstructed a view of the track.

The dead represent the entire family of C. J. Nealy, field superintendent of the Ohio Oil company in the Wood county district, and a prominent 32d degree Mason. Immediately after the accident the father drove up from the opposite direction. When he discovered that the remains represented his family he went violently insane.

Declined to Attend Conference.

Cleveland, Dec. 10.—A special council committee, appointed to learn from Chief of Police Corner the workings of the police department, received a communication from that official last night declining to attend a conference for that purpose. The chief stated that the director of police is his superior officer, and any information about the conduct of the department should come through him. The committee was the outcome of a resolution in the city council to learn why policemen are stationed in front of saloon doors on Sunday and after midnight and not permitted to move from that one place, the contention being that valuable property and even life is jeopardized by such action.

I was a witness to this, and there is a moral obligation involved which Jeffries cannot well override. The champion figures it out that he can make more money in exhibition than he can earn in a fight against Corbett. This may or may not be so. Corbett has Jeffries' promise for a return battle, and the champion is in honor bound to make this promise good, even at the sacrifice of money.

"Corbett has been working for nearly six months now on the strength of this promise."

WON BY WINDSORS

A Bowling Match Between Rival Teams Played Last Evening.

The Windsor and Eclipse bowling teams met last evening on the Imperial alleys and played a series of three games. The former team won the series with ease, scoring 126 points more than their adversaries. The lineups and individual scores follow:

Windsors—Geon, 126, 177, 100; Bence, 174, 119, 131; Woods, 134, 117, 164; Durkee, 164, 183, 110; Blind, 143, —, —; Brick, —, 106, 160.

Eclipse—Dawson, 136, 135, 124; Logan, 106, 110, 165; Rose, 122, 100, 197; McNicol, 114, 154, 107; Williams, 158, 132, 112.

Girl's Excellent Shooting.

New York, December 10.—Miss Edith Ranson, daughter of Mr. and Mrs. Charles J. Ranson, has won the title of champion shot in the vicinity of Lake Hopatcong, N. J. In two trips to the shooting ground last week she made a bag of 35 ducks. Once she succeeded in getting within range of a flock of about 40 ducks before they took alarm. As they rose from the water she fired both barrels and brought down five birds.

Jeff And Fitz on a Tour.

James J. Jeffries and Robert Fitzsimmons have started on their boxing tour. The big fellows will box six rounds as their part of the entertainment, and will expect local managers to furnish the rest. They expect to make big money on the scheme, and may continue the tour clear around the world.

Wrestling Match.

William Butler has been matched to meet Butch Straub in a wrestling match for the 160-pounds championship of West Virginia, with a six round boxing go between Oll Adams, of Belaire, and Al. Handson, of Wheeling, at Turner hall, in the latter city, December 25.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or common glass with water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells you all about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Home of Swamp-Root, Co., Binghamton, N. Y. When writing mention this generous offer in this paper. Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FORESTRY FOR FARMERS

Services of the Government Bureau Placed at Their Disposal Without Cost.

Washington, December 10. — (Special.)—The farmers of this country own about 500,000,000 acres of wood land, 10 times the acreage of all the federal forest reserves. Most of it consists of small wood lots from which the owners derive their timber supplies for farm purposes.

It was to help the farmer in caring for his timber land that the bureau of forestry several years ago undertook to furnish him, without cost, with the services of its foresters. The offer proved popular, and applications for assistance have far exceeded the ability of the bureau, with its limited number of trained foresters, to answer them. During the season just passed the bureau has accomplished more than ever before in putting small wood lots under forest management and in teaching the farmer how properly to treat his timber. Two experts have been employed in the north and south who have examined and have put under management several thousand acres of wood land.

A great deal of wood is consumed every year on the farm for fuel, posts, poles and other uses. Ordinarily, the farmer cuts what he needs without thought as to whether he is lessening the power of his forest constantly to yield its supplies. The result is that the forest becomes poorer every year and less able to furnish the wood its owner needs. The skill the farmer exercises in the management of his crops is not the kind that enables him to manage properly his timber. He needs the services of a forester.

Usually, only one visit to the farm by the bureau's expert is necessary, and this service is given without cost to the owner. When, as occasionally happens, a second visit is needed, the owner is required to pay the traveling and living expenses of the expert while employed at the work.

THE LINCOLN STAMP

New Design for Five-Cent Stamp Represents War And Reconciliation.

Local patrons of the postoffice stamp window will perhaps at the beginning of the new year have a chance to use a new five-cent stamp which will have more history on it and convey more feeling of sectional union than any engraving of its size yet printed. The postoffice department at Washington has just approved and the engravers at the engraving and printing bureau have just begun work on a remarkable new five-cent stamp.

It will be an official attempt to still further obliterate the sectional feeling which may yet remain between the north and south. The central oval of the little "letter carrier" will bear the image of Abraham Lincoln, as he appeared in war times. On either side of the oval there will be designs of female figures representing the north and south. Over the head of Lincoln they will clasp hands, each supporting a palm branch. Each figure will also bear a draped American flag.

ASSAULTED BY GANG

Railroad Detective Attacked With Pick And Rendered Unconscious.

Leetonia, December 10.—J. D. Baker, of this town, a railroad detective employed on the Pennsylvania lines between Alliance and Rochester, was the victim of an assault here while arresting two bums whom he had captured stealing a ride on a freight. He was left lying unconscious on the street, where he was found some time later and taken to a physician's office. He is now at his home doing nicely and will recover.

Baker had arrested two fellows about 11 o'clock in the west end of town, and was walking them to the lockup in the business part of the city. He was suddenly pounced upon by three miscreants, evidently a part of the gang to which the prisoners belonged. The newcomers were armed with pick handles, and the five turned in and gave the officer a terrible beating about the head and body.

They left him lying unconscious in the street and made their escape in the darkness. He was found by a passerby about an hour later, and a physician worked with him until early this morning. No bones were broken, but he was terribly bruised and lacerated. He was removed to his home and is doing nicely.

A Timely Suggestion.

"Now that winter with its bad weather is with us I would advise every family to provide themselves against sudden attacks of coughs and colds by keeping at hand a good cough medicine like Chamberlain's Cough Remedy, which is the best among the many preparations for these ailments that I have on my shelves," says Mr. L. C. Neaville, the well known and popular druggist of Pittsboro, Ind. "I recommend this remedy and guarantee it to be without an equal for coughs and colds, also as a preventative and cure for croup." Buy it now. For sale by Alvin H. Bulger, druggist.

EST. 1847. Allcock's POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the kidneys, or for a Weak Back, the plaster should be applied as shown above. Wherever there is pain apply Allcock's Plaster.

Rheumatism, Colds, Coughs Weak Chest, Weak Back Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and cleanest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless. Read letter from Prof. Henry A. Mott, the eminent chemist. "My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it superior to and more efficient than any other plaster."

MOTHER AND CHILDREN KILLED.

Mrs. J. C. Nealy, Her Two Daughters and a Son Run Down by Passenger Train—Father Goes Insane.

Findlay, O., Dec. 10.—Mrs. J. C. Nealy, her two daughters, aged 11 and 9, and a son, aged 7, were run down and killed by an eastbound Baltimore and Ohio passenger train, one mile west of North Baltimore, at 4:15 yesterday afternoon.

The body of one of the girls was not found until the train pulled into North Baltimore, when it was discovered on top of the first coach.

The mother and girls were killed instantly, but the boy lived half an hour. The party was returning from a shopping trip at North Baltimore, and a building at Deewe's crossing obstructed a view of the track.

The dead represent the entire family of C. J. Nealy, field superintendent of the Ohio Oil company in the Wood county district, and a prominent 32d degree Mason.

Immediately after the accident the father drove up from the opposite direction. When he discovered that the remains represented his family he went violently insane.

Declined to Attend Conference.

Cleveland, Dec. 10.—A special council committee, appointed to learn from Chief of Police Corner the workings of the police department, received a communication from that official last night declining to attend a conference for that purpose. The chief stated that the director of police is his superior officer, and any information about the conduct of the department should come through him. The committee was the outcome of a resolution in the city council to learn why policemen are stationed in front of saloon doors on Sunday and after midnight and not permitted to move from that one place the contention being that valuable property and even life is jeopardized by such action.

MAY BE NO FIGHT

A Prospect That the Jeffries-Corbett Battle Scheduled for May Will Fall Through.

Chicago, December 10.—"There is some danger of the fight between Jeffries and Corbett falling through," said Lou Houseman. "Jeffries' touring plans with Fitzsimmons threaten to interfere, and the match agreed upon for next May may come to naught. There are no articles, no signatures and no forfeits to bind the thing—nothing but Jeffries' word that he would give Corbett a fight. Railroad Detective Attacked With Pick And Rendered Unconscious.

Leontonia, December 10.—J. D. Baker, of this town, a railroad detective employed on the Pennsylvania lines between Alliance and Rochester, was the victim of an assault here while arresting two bums whom he had captured stealing a ride on a freight. He was left lying unconscious on the street, where he was found some time later and taken to a physician's office. He is now at his home doing nicely and will recover.

Baker had arrested two fellows about 11 o'clock in the west end of town, and was walking them to the lockup in the business part of the city. He was suddenly pounced upon by three miscreants, evidently a part of the gang to which the prisoners belonged. The newcomers were armed with pick handles, and the five turned in and gave the officer a terrible beating about the head and body.

They left him lying unconscious in the street and made their escape in the darkness. He was found by a passerby about an hour later, and a physician worked with him until early this morning. No bones were broken, but he was terribly bruised and lacerated. He was removed to his home and is doing nicely.

A Timely Suggestion.

"Now that winter with its bad weather is with us I would advise every family to provide themselves against sudden attacks of coughs and colds by keeping at hand a good cough medicine like Chamberlain's Cough Remedy, which is the best among the many preparations for these ailments that I have on my shelves," says Mr. L. C. Neaville, the well known and popular druggist of Pittsboro, Ind., "I recommend this remedy and guarantee it to be without an equal for coughs and colds, also as a preventative and cure for croup." Buy it now. For sale by Alvin H. Bulger, druggist.

Alcock's POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the kidneys, or for a Weak Back, the plaster should be applied as shown above. Wherever there is a pain apply Alcock's Plaster.

For Rheumatism or Pains in Shoulders, Elbows, or elsewhere, or for Sprains, Stiffness, etc., and for Aching Feet, cut plaster size and shape required and apply to part affected as shown above.

For Sore Throat, Coughs, Bronchitis, for Weak Lungs and for painful and sensitive parts of the abdomen, apply as indicated.

Rheumatism, Colds, Coughs Weak Chest, Weak Back Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and cleanest cure, use Alcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Alcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist.

"My investigation of ALCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it superior to and more efficient than any other plaster."

MOTHER AND CHILDREN KILLED.

Mrs. J. C. Nealy, Her Two Daughters and a Son Run Down by Passenger Train—Father Goes Insane.

Findlay, O., Dec. 10.—Mrs. J. C. Nealy, her two daughters, aged 11 and 9, and a son, aged 7, were run down and killed by an eastbound Baltimore and Ohio passenger train, one mile west of North Baltimore, at 4:15 yesterday afternoon.

The body of one of the girls was not found until the train pulled into North Baltimore, when it was discovered on top of the first coach.

The mother and girls were killed instantly, but the boy lived half an hour. The party was returning from a shopping trip at North Baltimore, and a building at Dewees crossing obstructed a view of the track.

The dead represent the entire family of C. J. Nealy, field superintendent of the Ohio Oil company in the Wood county district, and a prominent 32d degree Mason.

Immediately after the accident the father drove up from the opposite direction. When he discovered that the remains represented his family he went violently insane.

Declined to Attend Conference.

Cleveland, Dec. 10.—A special council committee, appointed to learn from Chief of Police Corner the workings of the police department, received a communication from that official last night declining to attend a conference for that purpose. The chief stated that the director of police is his superior officer, and any information about the conduct of the department should come through him. The committee was the outcome of a resolution in the city council to learn why policemen are stationed in front of saloon doors on Sunday and after midnight and not permitted to move from that one place, the contention being that valuable property and even life is jeopardized by such action.

IN THE GRASP OF A COLD WAVE.

New York and New England Experiencing Coldest Weather for Many Years.

New York, Dec. 10.—New York and New England have experienced during the past 24 hours previous to last night the coldest weather of many years. In this city it was the coldest Dec. 9 in 26 years, the thermometer registering, as it did in that year, eight above zero. The scarcity of coal caused much suffering among the poorer classes. Every effort is being put forth to alleviate the suffering charitable organizations having taken steps to supply the poor and the board of aldermen having voted \$100,000 to help along the good cause.

At Albany the mercury fell to 10 below zero and in some nearby districts it went down to 20. The river is frozen over at Albany, putting an end to navigation. Ballston reported 32 below, the lowest registration since 1861, and Saratoga felt the grasp of weather 30 below. In the Adirondack region and along the Champlain valley the thermometer registered between 17 and 26 below. Navigation on the upper Hudson closed early in the day, steamers which had not reached winter quarters having to be towed out of the ice.

The cold wave struck New England at the same time it arrived in New York. Throughout Maine and Connecticut the thermometer registered from 8 to 20 below, a fall in some places of 10 degrees in 12 hours. Norfolk, Conn., reported a temperature of 23 degrees below zero, the coldest in years.

IF YOU HAVE PAIN IN YOUR BACK

Do Not Be Deceived. You have Kidney Trouble, and You Do Not Need a Physician to Tell You So.

Pain in the back is an almost infallible sign of kidney disease; a surer sign is the condition of your urine. If you have a pain in the back, then look to the condition of your urine. It is easily done. Take a glass or tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, and it will take you but a short trial to convince yourself of its wonderful curative power.

G. F. Sammer of No. 409 Tioga street, Syracuse, N. Y., in a recent letter says: "I was afflicted for years with severe pains in my back and kidneys. I tried many doctors and many medicines, but got no relief. I bought a bottle of Dr. David Kennedy's Favorite Remedy and it has entirely cured me."

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

CITY FATHERS ATTACK VARIOUS BIG PROBLEMS

Continued from First Page.

light at the corner of Wedgwood avenue and Globe street. The light committee reported that a great deal of difficulty had been experienced by it in having orders promptly filled by the company. Chairman McConnell reported that a number of lights had been ordered for several months, and in spite of every effort to have them placed in position, but little attention had been paid to the request of the committee. The report of the committee reminded several members that even before the present council was organized lights had been ordered, but strange to say they had not yet been placed in position. Vice President Horwell and the council gave assurance that the light committee would be given as much support as it desired.

There was a bad place in the paving at Lincoln avenue and Market street, and the engineer and street commissioner were instructed to place a screen over the hole in order that it might be kept in a safe condition until spring when permanent repairs will be made.

Chairman Peach, of the railroad committee announced that this afternoon at 1:30 o'clock, the railroad officials would be in the city to confer upon the different matters of interest to them, and it was his desire that every member of the committee be present.

Residents of Thompson avenue and Ravine street were said to be engaged in laying sidewalks, and the question of paying for intersections was brought up. It was estimated that \$40 would pay the bill, and since it was the city's duty to stand the expense, there will be no objection to paying it.

Bids were received from B. F. Hinton and A. W. Stevenson for the improvement of Prospect street. The former bid was found to be the lowest, and the contract was accorded to him. For the grading and paving of Persimmon alley and Summit lane two bids were received, that of John M. Ryan being the lowest. He was awarded the contract.

REDISTRICTING PLAN RECEIVES APPROVAL

The re-districting committee submitted its report, covering the ground gone over by the News Review yesterday. The clerk was instructed to cause to be published a notice of the finding of the committee. The notices will be published in all the city dailies for a period of three weeks.

Mr. Peach reported on the committee appointed on the department of public service. The committee had prepared a resolution upon the subject, which provided that the board should be made up of three members. They were to receive a salary of \$50 per month for their services, and serve for a term of two years, or until their successors are elected and qualified. The bond for each member of the board was placed at \$1,500 and the resolution was passed without comment.

Dr. Marshall, as chairman of the board of public safety committee had a lengthy report to make, but his committee had not prepared a resolution.

The committee recommended that the board of public safety be composed of four members and that they receive \$200 a year each. The committee also recommended that the same number of policemen—eight—and the same number of firemen—ten—be continued. It was also advised that a clerk for the department be employed at a salary of \$40 per month. All these points will be embodied in an ordinance to be prepared by the clerk covering the matter. The bond of the members of this board was placed at \$500.

DR. MARSHALL'S IDEAS AS TO CITY SALARIES

In submitting the report Dr. Marshall stated that the committee had discussed salaries in general, and the members concluded the following amounts would be about the proper thing:

Mayor..... \$2,000
Chief of police..... 1,000
Auditor..... 1,200
Treasurer..... 500
Solicitor..... 1,000

JUST IN TIME CASTRO'S LAST MOVE

Down in Health and Strength—Nervous—Irritable—Ache All Over—A Depressed Condition Rapidly Changed.

Mr. B. L. Updegraff, of No. 169 Fifth street, East Liverpool, Ohio, says: "As a general and nerve tonic I can recommend Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store. I was at the time feeling run down and nervous—not up to the mark in health and needed a tonic. The medicine did its work nicely and I regained tone, strength and energy again."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

Members of board of public service..... 1,800
Councilmen..... 50
President of council..... 150

It will be seen that the opinions of Mr. Marshall and his committee members do not agree with the ideas of Mr. Peach and several others on the salary question, and after some discussion a motion prevailed to the effect that a committee of three be appointed to recommend to council the amounts which shall be paid to the several municipal officers. The committee appointed by president Nice is made up of Messrs. Horwell, McConnell and Barlow, and they may report Thursday night.

The clerk and mayor were instructed to issue the city's obligation for about \$7,000 to pay the expenses of the past month.

The bonds, from the sale of which Springdale street will be improved, were awarded to F. E. Grosshans at par. The amount is \$304.

ACTION IS DESIRED ON BUILDER'S ORDINANCE

The builder's ordinance which has been before the council for some time, was here presented. President Nice stated the ordinance committee desired that council give some advice as to the length of time a building should be permitted to remain in an unfinished state. Architect W. A. Calhoun was asked for an opinion, and thought a month or six weeks was sufficient for a structure costing less than \$5,000. From that amount upwards he had an idea the time should be at least six months.

Contractor D. F. Nellis was also questioned and agreed with Mr. Calhoun's views. Mr. Johnston, of the council, mentioned the fact that it often occurred that, through failure to receive materials promptly, buildings were often held back while in course of construction. He favored the addition of a clause allowing the contractor to obtain a special permit or extension of time when these unavoidable delays occur.

It was the opinion of several members that the ordinance was not yet ready for the council to vote upon, and on motion it was referred back to the committee for further consideration.

President Nice adjourned the session until Thursday evening, when several important matters will be up.

WORK OF THE CIVIC FEDERATION.

"Restriction of Output" Was the Subject Discussed at Second Day's Session.

New York, Dec. 10.—"Restriction of Output" was the subject discussed at the second day's session of the industrial department of the Civic Federation, and of course that includes the eight-hour day movement. Leaders of labor and capital discussed the question in all its phases. One manufacturer declared not enough men can be had to run three shifts of eight hours each.

The first speaker was John R. Commons. Chairman Hanna then introduced Frederick Halsey, editor of the American Machinist. Mr. Halsey's topic was "The Premium Method of Payment."

James O'Connell, president of the International Association of Machinists, followed, and opposed the piece work and premium plans.

Mr. Gompers said he would be opposed to trade schools, but would be heartily in favor of manual training schools.

At the afternoon session Prof. George Gunton, editor of Gunton's Magazine, spoke on "The Philosophy of the Shorter Hour Movement."

Lewis Nixon, president of the American Shipbuilding company, said he objected to the distinction made at the meeting between employers and workers. He wished it known that the employers were also workers.

Theodore F. Harburg, vice president of the American Economic association, said the actual experience of localities in which the shorter hour day had been tried shows that the morals of the locality had improved.

Venezuelan President Orders Arrest of all British and German Subjects in Caracas.

HIS FLEET HAS BEEN SEIZED.

Has Never Refused to Settle Claims and Says Great Britain's Action Is Without Justification—Ultimatum Will Be Delivered Today.

Caracas, Venezuela, Dec. 10.—All German and British subjects in Caracas were arrested yesterday.

The Italian cruiser Giovanna Busan has arrived at La Guayra.

President Castro received the correspondent of the Associated Press at Mirofiores palace yesterday. In reply to questions the president of Venezuela said:

"The Venezuelan government has not received any ultimatum, properly speaking, but rather simultaneous requests from Great Britain and Germany. The claims Great Britain asks this government to settle are small, and up to the present time we have not been aware of them. Never having been presented, Venezuela has consequently never refused to settle them. Great Britain's action, therefore, is without justification."

"What do you intend to do in view of the present attitude of the powers?" was asked.

"Enforce our rights," replied President Castro, "and explain to the world that Venezuela has laws and prove that we have never denied our engagements."

Questioned as to what course he intended to pursue should the powers declare a blockade, the president expressed himself from answering.

Fleet Seized.

London, Dec. 10.—A dispatch from Caracas, Venezuela, dated Dec. 9, says: The combined British and German fleet today (Tuesday) seized the Venezuelan fleet, composed of four warships in the harbor of La Guayra.

It is reported also that an ultimatum will be delivered tomorrow (Wednesday) asking for an answer and a compliance with the demand of the British and German ministers.

Defiant and Indifferent.

Kingston, St. Vincent, Dec. 10.—The British cruiser Indefatigable, which has arrived here from La Guayra, Venezuela, brings reports that President Castro, of that country, is defiant and indifferent to the threatened blockade. It is asserted that President Castro is prepared even to expel the German and British residents of La Guayra and to close that port.

The Indefatigable left the British cruiser Retribution and the German cruisers Vineta and Gazelle at La Guayra. There are at present five British men-of-war at Port of Spain, Trinidad, ready to leave there on short notice.

Confirmed Withdrawal.

Washington, Dec. 10.—Minister Bowen, at Caracas, has cabled the state department confirmation of the Associated Press report that the British minister and the German charge d'affaires withdrew from Caracas Monday, after presenting an ultimatum.

GENERAL FOREIGN NEWS.

Guayaquil, Ecuador, Dec. 10.—A severe earthquake has just been experienced here.

Rome, Dec. 10.—The Duke of Abruzzi has been chosen to represent Italy at the St. Louis exposition.

New Westminster, B. C., Dec. 10.—A fire in the business section of this city yesterday destroyed property valued at \$90,000.

London, Dec. 10.—The report of the select committee of the house of commons on steamship subsidies was issued yesterday evening. Its general tenor is distinctly against the principle of granting subsidies.

NEURALGYLINE FOR THE NERVES

ARE YOUR NERVES SHATTERED?

Are you on the brink of nervous prostration? Are your nerves all unstrung? Do you feel a general breaking down? It's no wonder! We Americans hustle too hard, we work too much and too long, we tax our nerve power to its greatest capacity. Nerves are not iron! They must give way under the great strain. Have yours not already done so? You can tell if yours have by those sleepless, restless nights you have, by those constant headaches you have and by your failing appetite. If you are one of those unfortunate creatures, why don't you try a box of NEURALGYLINE, the great nerve-builder!

IT RELIEVES THE MOST SEVERE CASES OF NEURALGIA AND ALL OTHER NERVE DISORDERS.

I have been a great sufferer from neuralgia. Neuralgyline has effected a permanent cure in my case. Miss E. V. EVANS, Sistersville, W. Va.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, richness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fog" treatment—beware of mineral pills—beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. CURES GUARANTEED OR NO PAY. 25 Years in Ohio. 280,000 Cured.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Others, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Mrs. Fred Unrath.

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

WINE of CARDINI A million suffering women have found relief in Wine of Cardini.

COUNCIL ACTS UPON A PETITION

East End Residents' Wishes Heeded in Regard to the Gas Question.

THE STATE LAW IS CITED

And the Gas Companies Informed That Unless They Furnish Gas to All Their Customers the City Will Take Action.

Councilman George Peach introduced the following resolution at the meeting of council last night, which was passed:

Resolved by the city council of the city of East Liverpool, Ohio, that the city clerk be and he is hereby instructed to call the Ohio Valley Gas company's attention to the section of the statutes of the state of Ohio, authorizing and empowering city councils to regulate the price of gas and the conduct of gas companies, which reads as follows:

Section 2482, Revised Statutes. "A neglect to furnish gas to the citizens, and other consumers of gas, or to the corporation, by any company, in accordance with the prices fixed and established by the council from time to time shall forfeit all rights of such companies under the charter by which it has been established," and to call the said company's attention to Section 8 of the ordinance granting privileges to the Ohio Valley Gas company, which section is found on 173, of the Codified ordinances, which reads as follows:

"Be it further ordained that all manufactories, private and public buildings along the line of said main or lateral pipes shall be furnished with gas for heating purposes at a uniform price, except existing contracts made with said company previous to the passage of this ordinance."

There seems to exist between the Ohio Valley Gas company and the Fort Pitt Gas company an arrangement which interferes with the above quoted section of the statutes and of the codified ordinances and works greatly to the detriment of the citizens of the city. It is the intention of the city council to protect the citizens of East Liverpool, Ohio, and to inform the said gas companies that no infringement of the citizen's rights will be tolerated.

The council is informed and believes that the Fort Pitt Gas company has valuable privileges which have been granted by the council of this city without any cost to said company, the only consideration for such privileges being the promise of said company to supply the citizens of this city with gas at a stipulated price.

The city council is credibly informed and believes that the company does not either through indifference or negligence attempt to carry out its part of the compact.

Therefore all applicants shall be furnished gas by their respective companies or else steps will be taken by this council.

The clerk shall transmit a copy of this resolution to each of the above companies.

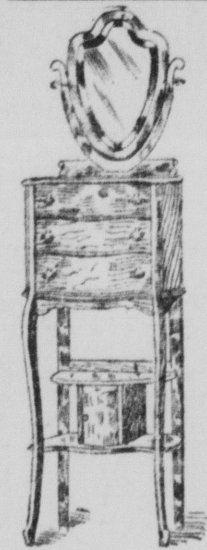

A lengthy discussion was indulged in, and while it was in progress Dr. Marshall came in, having in his possession a petition from the East End residents, asking that the Ohio Valley company be requested to extend its lines to the East End. The petition was signed by over 100 persons and read as follows:

"To the Honorable City Council, of East Liverpool, Ohio,

Quarantine Raised—Sanitary Police-man Burgess reports having fumigated and raised the quarantine from the homes of Frank Nentwick and H. A. Rigby, of California hollow. The two families were afflicted with scarlet fever.

May Return Here—W. O. Bennett, formerly a grocer in the East End, but later in business in Turtle Creek, has sold his interests there and was a business visitor in East Liverpool yesterday. Mr. Bennett is now looking for a new location and may decide to establish himself in this city once more.

Fell on Icy Pavement—Miss Baird, who lives near Gill's grocery, on the Calcutta road, fell while going down the hill last evening and her head struck the pavement with great force. She was picked up unconscious and carried to the home of Mrs. Dunn. There she was revived and taken home.

Invited to Cleveland—The local Stationary Engineers have received invitations from the Cleveland association to attend the dedication of their new hall, which will be opened this evening by a ball. Calhoun association No. 41 meets this evening for the purpose of nominating officers for the ensuing year.

Dr. Sparks to Lecture—The ladies of the First Presbyterian church announce their success in securing Dr. Sparks, a talented and eloquent speaker, to deliver an address at the church next Friday afternoon. The subject upon which the brilliant man will talk is not known, but whatever it may be the ladies assure a rich treat. The address will be given for the benefit of the missionary society of the church.

the conversation became somewhat heated, Burchard became aggressive and said: "What's that d— nigger got to do with this?"

At the same time he started toward Snowden, who commenced to back off, the rest following with cries of "Kill the d— nigger." When Snowden was forced through the laundry door he felt that his assailant meant to seriously injure him, and drawing his revolver commenced shooting to frighten them. He said he was sober and had no intention of killing anyone and had not fired at Eckler or anyone before he was cornered in the laundry.

The jury in the Snowden case retired at 11 o'clock today.

The jury returned a verdict of acquittal at 1:15 o'clock today.

Services All the Week.

All this week the Salvation Army in this city will hold a series of meetings at their hall on Fourth street. Adjutant Goodall, of the singing brigade of Cleveland, accompanied by three other officers, will be present and conduct these meetings. Captain Snyder hopes that considerable enthusiasm may be aroused by this series of meetings, and in the future may have more important workers in the Salvation Army visit the city and deliver addresses here.

CITY FATHERS ATTACK VARIOUS BIG PROBLEMS

Approve the Redistricting Plan Proposed by the Committee and Discuss Salaries Under New Code.

FRANCHISE ASKED FOR NEW TROLLEY LINE

The latest move toward securing the right of way for the Youngstown & Southern railway to enter East Liverpool, was made at the meeting of city council last night when Member McConnell introduced a well prepared ordinance granting to the company such privileges as it desired and in return giving the city the assurance that its interests would be protected. Representatives of the company were in the city yesterday, and while it was their intention to have an understanding beforehand with the several members of council, it was impossible to do so owing to the fact that the time was too short. Another matter which delayed the enactment of the ordinance was the fact that City Solicitor McGarry was out of the city yesterday, and could not be seen.

RIGHTS OF WAY

SECURED TO CITY

The corporation has secured every foot of the right of way down California Hollow to Sheridan avenue and all that was asked or expected was permission to use the city streets from the corporate limits to the latter point. Several members, however, could not see the wisdom of hasty action, and wanted a little more time to consider, so the ordinance was allowed to take its regular course, and will be up at the adjourned meeting Thursday night of this week. A committee of five, composed of Messrs McConnell, Marshall, Bullock, Peach and Nice, will confer with the officials of the road

before that time relative to the insertion of a few more clauses in the ordinance. The meeting of the council last night was notable for the absence of useless jangle, and as a result a vast amount of business was transacted. Under reports of city officials the mayor's monthly statement showed that, from all sources, he had collected \$134.

FT. PITT GAS COMPANY

IS CALLED DOWN

Mr. Peach introduced a resolution, which, in the opinion of Mr. Bullock, at least was a little strong. The measure provided that the attention of the Fort Pitt Gas company be called to the fact that it was not living up to the franchise granted by the city allowing it to operate in the corporation. The assertion was made that incalculable inconvenience and considerable suffering had resulted from the shortage in the supply of this company, and that it probably had the gas if it saw fit to turn it into the mains. Dr. Marshall presented a petition signed by 100 residents of the East End asking that some action be taken upon the matter. The resolution was adopted. Mr. Bullock alone voting no.

DIED OF SELF-INFLICTED WOUNDS

Louis Deidrick, Formerly of This City, Shot Himself in Allegheny and Is Dead.

Louis V. Deidrick, aged 22, son of Mrs. Joseph L. Deidrick, of this city, died yesterday morning at the Allegheny general hospital from a self-inflicted bullet wound in his left breast, from which he had been suffering since November 22, when he shot himself in an Allegheny hotel. Since being in the hospital he regretted his deed, and frequently expressed a desire to recover, but yesterday morning he grew rapidly worse, and had his first wish to leave the world gratified. Friends and relatives explain his action by saying that he was mentally unsound since his head was injured in an accident last summer.

The dead man had recently been employed by his brother, George H. Deidrick, a shirt manufacturer, of 821 Penn avenue, as a salesman, and, being single, had lived at boarding houses and hotels. He last stopped at the Hotel Wilson, in Laccock street, Allegheny, and in his rooms of that hotel he shot himself in the breast Saturday night, November 22.

The revolver report attracted atten-

tion of the attaches of the hotel to his room, and when the door was forced open, he was found bleeding upon the bed, and in front of the bureau, where he had evidently taken aim by means of the mirror. He was hastily removed to the hospital, and yielded readily to treatment, the physicians having high hope of saving his life.

Relatives were admitted as he improved, but they tacitly refrained from talking with him about his effort to die, and he did not mention the accident except admit that he had tried to end his own life, and regretted that he had made a "bad job of it." Since being told that he would probably get well he had seemed to want to recover, and had paid strict attention to the doctors' and surgeons' orders, but at 9:25 o'clock yesterday morning he succumbed to his wound.

Deputy Coroner John Black learned from G. H. Deidrick that his brother while in Ohio about two months ago had been struck by a runaway wagon. His head had been badly battered, and

CRUELTY AND ABUSE CHARGED BY WIFE

MRS. GEORGE WARD, OF EAST LIVERPOOL, GETS A DIVORCE.

Alleged That Brutal Treatment Began Right After Marriage. Salem Divorce.

Lisbon, December 10.—(Special).—Judge Hole granted a divorce to Lydia Ward, of East Liverpool, from George Ward yesterday afternoon, restoring her maiden name, Lydia Kinkade. The petition says they were married at New Cumberland August 9, 1899. Soon after their marriage, Mrs. Ward alleged, her husband began a course of cruel and inhuman conduct toward her which continued until December 26, 1901, when, after he had cruelly beaten her and had attempted to take her life, she left him and sought refuge with friends. She has not lived with

him since that time. McGarry brothers represented the plaintiff.

Minnie B. Mentzer, of Salem, was also granted a divorce from Alvin Mentzer, on account of wilful absence and disregard of marital duties. With the divorce her maiden name, Minnie Heastand, was restored. They were married in Salem December 25, 1886. Attorney K. L. Cobourn represented the plaintiff.

SALOON ROW AIRED IN COURT

Jury Concludes That George Snowden Is Not Guilty of Charge Against Him.

SHOOTING WAS INDULGED IN

And the Accused Was Tried For Shooting Intent to Kill—Exciting Story of Occurrence Told By Many Witnesses.

Lisbon, December 10.—(Special).—George Snowden, colored, was put on trial yesterday afternoon for shooting Blair Burchard with intent to kill, in a saloon quarrel in Wellsville last summer. Snowden has been out on bail ever since the occurrence. A large number of witnesses testified in the case.

The shooting occurred on the night of July 3rd, in the tenderloin district of Wellsville. The testimony of most of the witnesses was that the trouble started from Snowden's interference in a fight between Edward Eckler and Charles Wright, in an alley back of "Ginger" David's saloon. Edward finished his man in short order, whereupon it is alleged, Snowden went up to him and said that if his antagonist had been sober he would have thrashed Eckler, and that he would "make him rue it when he became sober." At this Eckler said neither of them could do it and both squared off for another bout. Snowden jumped back, it is alleged, and drew his pistol, a 32 calibre, and shot at Eckler without further warning. The crowd became excited and Burchard cried, "Let's get his gun," and with William Rosenberger, Edward Bunting, Eckler and possibly others, went at Snowden who started to back away.

They followed him to the back door of a Chinese laundry across the alley a few feet further down, where he was forced through the screen into a dark room.

Burchard, who had hold of the negro, was perhaps the only man who followed him in, and they were no sooner inside than Snowden commenced to blaze away in the darkness. One of the bullets passed through the back of Burchard's neck.

By this time Officer Fred Houser, chief of police, having heard of the melee, was on the scene and placed Snowden and Burchard under arrest. The rest of the crowd had scattered. Burchard has recovered and was the principal witness for the state.

Snowden's story differed somewhat from that of the other parties to the affair. He said that the man Wright was badly under the influence of liquor, and after a worthy altercation with a man named Geisse, the latter summoned Eckler to take it up for him. Eckler struck Wright a blow, which felled him, and he lay stunned for a few moments.

Snowden says he went up to Eckler and remonstrated, saying it was a shame to strike a man in Wright's condition that way. Wright was struggling to his feet again when Eckler laid him out with a second blow. Snowden again remonstrated and as

PROJECTED RAILROAD LINE LIKELY TO BE BUILT SOON

It begins to look as if the long projected and much discussed Canton & East Liverpool R. R. across this county were to become a certainty. The transfer to the railroad company of many thousand dollars worth of real estate in this county during the past few months would indicate that the project was going forward, and now comes more evidence to the same effect. A charter has now been secured to build the Pennsylvania end of the line at Smith's Ferry.

A Harrisburg dispatch states that a charter has been issued by the state department to the Canton & East Liverpool Railroad company, to run from a point on the state line between Pennsylvania and Ohio, near the intersection of Beaver creek, to a point on the Cleveland & Pittsburg railroad at Smith's Ferry, Beaver county, a distance 3,500 feet. The company is capitalized at \$10,000. George H. Stein, of Philadelphia, is president. The directors are J. C. Richardson, H. S. Benedict, R. G. Mussimer, B. F. Williams and W. J. Williamson, of Philadelphia, Pa.

WARRANTS ISSUED FOR SALOON MAN

John Michaels Accused of Assault and Battery and Illegal Selling.

ITALIANS THE INSTIGATORS

And the Suits Grow Out of the Recent Arrests of the Prosecutors—Constable Neglected to Serve Papers Put in His Hands.

Affidavits were filed in Squire McLane's court this morning by Attorney W. E. Warren for the arrest of John Michaels, the Sixth street saloonist, upon two charges, assault and battery and selling liquor to a minor. The warrants will be issued today and placed in the hands of Constable Gill for execution.

Attorney is acting for Charles and Joseph Veltri, the Italians arrested Saturday night, the first charged with carrying concealed weapons and the latter with being drunk and disorderly. Charles was fined \$14.00 Sunday morning and Joseph \$7.00.

The foreigners appeared before Squire McLane after their first difficulty at the Michaels saloon and filed affidavits for the arrest of both saloonist and his bartender, John Meibach, charging them with assault and battery. The two men were not arrested and this morning when Attorney Warren applied to the justice for an explanation he was informed that the warrants were placed in the hands of Constable Powell and that officer went to the saloon to serve them but did not, owing to the sickness of one of the accused men.

The attorney expressed himself as being much surprised at the action of an officer and stated that he would have the officer answer for his neglect of duty to the courts. He then withdrew the first charge and making out another one added the one of selling to a minor. This, the attorney thinks, can be proven, as the dispute in the saloon is said to have arisen over an argument about some change wanted by Joe Veltri, who, it is said, is but 19 years of age, and who had bought some drinks.

REVIVAL IN PROGRESS

Young People's Camp Meeting at First M. E. Church Doing Excellent Work.

The Young People's camp meeting at the First M. E. church last night was largely attended. Rev. W. A. Fitch delivered a good sermon, followed by an interesting exhortation by Rev. Dr. Pratt. A number of conversions have occurred and much interest is manifested. The choir composed of nearly 100 members is doing excellent work.

At this evening several special numbers will be rendered. Rev. Dr. Pratt will preach this evening. Services will begin at 7:45. All are cordially invited to be present. Young people identified with any church are especially invited to attend.

NEW PASSENGER STATION PROMISED FOR THIS CITY

One of the Many Extensive Improvements Which the Officials of the Cleveland and Pittsburg Have Mapped Out.

PROJECTED CHANGES MANY AND COSTLY

The vast improvements contemplated by the Pennsylvania Railroad company, among which is the double tracking of the Cleveland & Pittsburg division through this city, are assuming definite shape as the work of laying the rails has at last been started.

Some two years ago it was announced by some of the officials of the railroad company that the C. & P. would be double tracked its entire length and that many extensive improvements would be made, but as similar promises had been made before the reports were given but little credence by the general public at the time.

It was only a short time, however, until the agents of the railroad began the work of securing options on property along the railroad track and in a remarkable short time the deals were being closed, which work has continued up to the present time.

Not only will the railroad be double tracked through this city, but other vast improvements, including the building of a magnificent passenger depot will be made. Several hundred thousand dollars will be expended here these improvements are completed.

The grading from Ralston's crossing to College street is almost completed, and a large force of men was put to work yesterday morning laying the rails. This portion of the track will be used for the present as a switch, which will greatly facilitate the handling of freight and will greatly relieve

the crowded condition of the yards. The grading between Jefferson street and the flint mill is well under way, and will be ready for the track in a very short time. This portion of the road will also be used for a switch until the track through the central portion of the city is built.

The work was inspected yesterday by G. L. Peck, general manager, and A. M. Schayer, general superintendent of Pennsylvania lines west of Pittsburg. The gentlemen arrived in a special car and spent considerable time in conference with the officials of the company here.

Mr. Peck was seen by a News Review reporter and said: "There is no particular significance attached to our visit here, except that we are on the ground to inspect the plans of the intended improvements which have been prepared by our engineers. We are well pleased with the work already done, and while work of this nature is extremely tedious, yet we hope to rush it to completion as rapidly as possible. We have had many obstacles to contend with as is always the case in railroad extensions. As a rule we experience considerable trouble in securing the right of way, as property owners almost invariably ask fabulous prices for their property and generally insist on us taking ground which we do not need. Our work in that line, however, is well under way and we hope to have all the deals completed within the next

DESERTED WIFE'S STARTLING STORY

Writes to the Police That the Husband Who Left Her Has Married Again Here.

Pleading for some information as to the present whereabouts of a husband and father, who is alleged to have deserted his wife and three small children in Baltimore some five years ago, Mrs. Minnie Smith, of that city, in a sorrowful letter to the city officials here, relates a story, if true, that is pitiful in the extreme.

The letter gives the name of the alleged erring husband and father as William Stephen Smith, who, she says, without any cause whatever, deserted her and her three small children, leaving them in almost destitute circumstances.

She relates many hardships to which she has been subjected during all this time in an honest effort to provide for herself and little ones, striving and hoping that at some time this man who had sworn to love and protect her would at least return to his children who loved him so dearly, but her fond hopes have been in vain.

She says that her sad affliction has been doubled and that she is now al

most heartbroken by a report that reached her recently, that her husband had not only deserted herself and family for good, but that he had taken unto himself a second wife.

The first she had heard of her husband during all these years was the recent filing by him in the courts of Baltimore of an application for a divorce. In this application he also asked for the custody of his three children, but she says she would rather die than allow her children to go to him, as she does not deem him a fit person to care for them. The divorce case, she says, is still pending, as no effort has ever been made on his part to have it heard. Even when the divorce proceedings were instituted, she says, she did not know where he was. Only recently it was discovered that since his second marriage he has been working as a dipper in one of the Chester potteries.

The city officials have sent Mrs. Smith the desired information, and if her story is true the man will probably be arrested.

LANCLEY SET FREE FROM REFORMATORY

East Liverpool Youth Gains Freedom Through Efforts of Salvation Army.

The Salvation Army, of this city, is responsible for the movement which will cause the release of John H. Langley from a Massachusetts reformatory where he was recently sent from Boston. When it was learned here that young Langley had been imprisoned, the Salvation Army immediately began to work to secure his release. Word was received by Mayor Davidson that he would be released if the money was sent for his transportation home. This was raised in a few hours and last night was expressed to Boston.

It is expected that the young man will reach this city in a few days. The Salvation Army in Boston expects to take the matter up and cause an investigation as to the manner in which he was imprisoned.

To Wed at Christmas.

Lisbon, December 10.—(Special).—The marriage of William Crawford and Miss Lottie Metz has been announced to take place Christmas eve at the home of the bride, a mile south of Lisbon.

Quitting All the Week.

Lisbon, December 10.—(Special).—The ladies of the M. E. church are holding a quilting all of this week at the home of Mrs. W. W. Henry. They are preparing to send a Christmas box to the deaconess' home at Cleveland.

WITH THE WORKMEN IN THE CLAY PLANTS

NO MORE SCHEME GOODS.

It is reported that the Vodrey Pottery company will make some radical changes in the class of ware produced, beginning with the first of the year. According to statements given out recently the firm will abandon the manufacture of all scheme goods, and will devote the entire capacity to the production of the legitimate lines. This establishment has long had the reputation of turning out the best and most finely finished class of goods in the East Liverpool district, but when the several firms of the city took up the manufacture of scheme goods for the many cereal companies throughout the country, the Vodrey's, as a natural consequence, fell in line, and has made as good success as any of the others. The production of this grade of ware interfered to some extent with the company's other and better product, so it has been decided to abandon the common classes of crockery.

NO. 12'S ELECTION.

Local union No. 12 held its regular meeting last night at Brotherhood hall. Two new members were given the obligation and a number of important matters were attended to. The election of officers was held, resulting as follows: President, Thomas Lake; vice president, Bert Allison; recording secretary, William Anderson; financial secretary, John Reark; treasurer, William Maley; 1 per cent secretary, Edward O'Neal; statistician, Charles Fisher; inspector, Charles Och; inside guard, James Pickens; trustee, George Hughes.

TO ENCOURAGE ART.

With the object of advancing the efforts to properly instruct students in ceramic art, the Trenton board of trade has pledged itself to subscribe \$1,000. The city of Trenton donates \$3,000 a year and the state furnishes a similar amount. At least \$7,000 was necessary for the purpose this year, and that fact impelled the board of trade's action. Under the law the state gives dollar for dollar, so the total income is now brought up to \$8,000, thereby placing the school on a safe financial basis.

QUITS HIS TRADE.

Fred Dawson, one of the best printers in the city, who is at present employed at the Taylor, Smith & Taylor pottery in Chester, has resigned his position and will soon leave for his old home in Trenton. In resigning his present position Mr. Dawson also quits his trade as a potter as he intends to embark in business for himself in some eastern town next spring. His many friends, while sorry to hear of his intended departure, wish him unbounded success in his new undertaking.

COMING SOCIAL.

Printers' and Transferers' local No. 32 will give a social in their hall next Monday evening. Only printers, transferers, rubbers and those working at this particular branch of the pottery trade will be admitted to the hall. The social is to be given for the people working in this line of work that they may become better acquainted with each other and for this reason the general public will not be invited.

RUSHED WITH WORK.

The Wallace & Chetwynd plant is rushed with orders for decorated ware. Five printers are now employed at this plant which is more than has ever worked there at any one time. Even with this large force they are compelled to work at night to complete the orders the firm has promised to ship soon.

MORE ORDERS THAN EVER.

The usual activity at this time of the year is on at all of the potteries. The demand this year is greater than it has ever been before, and hundreds of orders are being received for Christmas goods which the potteries will be unable to fill. The demand for decorated goods especially is the heaviest known in the history of the trade, and many orders are returned with the information that it is impossible to make the goods within the specified time. At a great many of the potteries the printers and decorators are working at night in an effort to get as many of

the orders as possible filled before the first of the year. Not only has the lack of decorated goods on hand been a hindrance to the prompt filling of orders, but the congested condition of railroads in all parts of the country been a serious drawback to the manufacturers, but to their customers as well.

SHENANGO DOING WELL.

Trade at the Shenango China company, at New Castle, is fully sustained and work in all departments is moving vigorously and successfully. Every indication now points to an active closing of the first year's business—important uncompleted demands being still on their order files.

SPRAINED HIS BACK.

Frank Fowler, warehouseman at the Wallace & Chetwynd plant, is suffering from a severely sprained back as the result of a fall while on his way to work Monday morning.

POTTERY NOTES.

Sam Robinson, a well known potter, has received a lot of fine chickens from Parkersburg.

Harvey Dukes, a kilnhand at McNicol's, has resigned to accept a similar job at Goodwin's.

Lyle Wines, the night watchman at the K. T. & K., is unable to attend to his duties owing to a sprained ankle.

Charles Hunter, working on the kiln crew at the K. T. & K., had his foot mashed by the falling of the door liners.

Miss May Kilmer, a transferer employed at one of the river potteries, is seriously ill at her home on Seventh street.

Blaine McBride, a presser at the K. T. & K. plant, has returned to his work after spending a week hunting near Parkersburg.

Henry Wolf, working on the glost end at the Dresden, is unable to work, having sprained his leg while coming down California Hollow.

Harvey Woods, a warehouseman at Laughlin No. 2, is back at work after being confined to his home for the past several days on account of sickness.

Miss Agnes Garner, has resigned her position in the decorating shop at the National pottery, to accept a similar position at the Wallace & Chetwynd plant.

The employees of the clay department at the McNicol plant were forced to take an hour yesterday, caused by the breaking of a belt in the engine room.

A COLLEGE GRADUATE

According to Her Story, Was a Woman Who Lodged at the Jail Last Night.

Gentle Annie's double reappeared at the city hall last evening for a night's lodging. Her request was granted by the mayor, but before being given a cell she was questioned as to her past life and her ambitions for the future. She, according to her story, was graduated from the Allegheny college for women and started out on her roaming career, just because she had always been inclined to see the cold and cruel parts of the world.

From her general appearance she has seen some of the ways of the great country. The odor of whisky emerging from her mouth was evidence that she has learned the drinking habit, but she strongly denies that she ever drank a drop. She said that she had been over in Hancock county working for a family that was besieged with diphtheria. Upon making the statement the mayor informed her that he would be compelled to quarantine her for 31 days in the cell. She then proposed.

Eczema

How it reddens the skin, itches, oozes, dries and scales! Some people call it tetter, milk crust or salt rheum.

The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure.

It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

PAY FOR MINING COAL

Is Sued for By a Colored Man Who Gets Judgment for \$2.95.

The case of Robert Wilson against Ira McArtor, in which the plaintiff sued the defendant for \$8.45 alleged to be due for mining coal in the latter's coal bank in the East End, near Dixonville, was heard by Squire McCarron yesterday afternoon. Nearly three hours were consumed by the attorneys in drawing out testimony and arguing the case. At the conclusion the justice without a moment's delay rendered a decision in favor of the plaintiff, but only for \$2.95. The attorney for the defendant gave notice of an appeal and the case will reach common pleas court if the defendant pushes it.

Wilson is a colored man and a life-long coal digger. He applied to McArtor for a job during the latter part of August and was given one upon certain agreements being made. After working for a number of weeks Wilson, who claimed that he had mined 731 bushels of coal, applied for a settlement and he alleges that he was not paid in full. McArtor alleges that Wilson only mined 631 bushels, and also alleges that he paid him \$1.29 too much.

SMITH'S FERRY PULPIT

Dr. George And Rev. Mr. Crowe Each Claim to Have Been Chosen to Fill It.

Pittsburg, December 10.—The fight on creed revision raged in the Allegheny presbytery of the Presbyterian church, which is in session in the First Presbyterian church, Arch street, Allegheny. The committee's report was against revision, but the presbyter voted for it by a very close majority.

Among other matters that came up yesterday was the Smith's Ferry supply. Rev. Dr. S. C. George, of East Liverpool, reported he had attempted to fill the duties ordered by presbytery

EAST END

THE ACTION CRITICISED

Some East Enders Think Public Service Board Should Get Over \$50 a Month.

The action of councilmen in proposing that members of the board of public service be paid \$50 per month has created much discussion among residents of the East End. It is said that nearly all of the most important matters in city affairs will come under the control of that body, and necessarily men of unquestioned ability should be chosen as members. The streets, alleys and the great majority of public matters will be under their control, and such being the case it will occupy the greater part of the time of the members of the board. It is urged that with the salary established at only \$50 per month inferior men will be put on the board and not such men as will properly execute the duties of such an office.

The redistricting of the city, as finished by council last night, seems to meet with the approval of nearly all the residents of the old Fifth ward which is now made the First.

Considerable interest is also being manifested in the fight for the nomination for mayor. There are two candidates in the East End, and both have many warm supporters there. The chances are that the down town candidates will receive only a small vote in the old Fifth ward, owing to the feeling existing there that the mayor next year should come from that part of the city.

HAS RAISED \$35,000

Wm. W. I. Powell's Success in Getting Funds for Chattanooga University.

Rev. W. I. Powell, the financial secretary of Grant university, of Chattanooga and Athens, Tenn., was called to Chattanooga today to spend Christmas there. Rev. Mr. Powell has been connected with this university for the past three years, but only last year did he begin giving his entire time to the work. The last two months he has made East Liverpool his headquarters and the greater part of the time has remained with his son, J. W. Powell, of Mulberry street.

In the past two months Rev. Mr. Powell has been able to secure donations amounting to about \$35,000 for this university. In the past year the attendance at this school has increased about 50 per cent, owing to the increased facilities of the school and better financial condition. This has been brought about principally through the efforts of Rev. Mr. Powell, who was appointed to this position by the Eastern Ohio conference. He has been successful in raising several thousand dollars in this city and vicinity, and after Christmas will return here and continue the work.

SUNDAY SCHOOL OFFICERS

An Election Held By the Members of the Second U. P. Church.

The regular election of officers of the Second U. P. church Sunday school was held last night at the Sunday school room of the church. There was a good attendance of the officers, teachers and the following were chosen to look after the school during the coming year:

Superintendent—D. F. White.
Assistant Superintendent—Archie O. Searight.
Secretary—Thomas Yates.
Assistant Secretary—Thomas Fowler.

Treasurer—M. W. Elliott.
Organist—Miss Kittie White.
Assistant Organist—Miss Inez Hanley.

Superintendent of Juniors—Margaret McConnell.
Assistant Superintendent—Emma McCormick.

The prospects are bright for another good year in this Sunday school, and efforts will be made to increase both the attendance and interest manifested.

EAST END AFFAIRS.

The Nonpareil club will give a dance tonight at the Larkins & Ferguson hall on First avenue.

Tonight the members of the Prince of the Orient will hold another meeting at the P. H. C. hall in the East End and are anticipating a good time while initiating about a dozen members.

Protracted meetings are being held this week by Rev. Mr. Baum, of the Georgetown M. E. church. Considerable interest has been aroused and the meetings will be continued for several weeks.

John Goddard, Samuel Calhoun and Charles Bolton spent the greater part of yesterday hunting across the river. They were very successful and when they returned had no less than twenty-four large rabbits in their game bags.

M'LEAN'S CHOICE FOR GOVERNOR

The Ohio Boss Thought to Be Booming J. L. Zimmerman, of Springfield.

FORMERLY OF THIS COUNTY

He Figured in a Former Contest for the Nomination—Ira Marlatt Again Accused of Making Trouble—Expo. Commission Meets.

From a Staff Correspondent.

Columbus, December 10.—Lewis

Bernard, representative of John R. McLean, of Cincinnati, while in Columbus yesterday, in discussing politics said that John L. Zimmerman, of Springfield, a former Columbiana county resident, was "a strong man and would make an available candidate for governor. Bernard is a shrewd politician, not given to making idle remarks and some significance may be attached to his words. They are being interpreted in some circles as meaning that Zimmerman's candidacy will have the approval and support of McLean and his followers, in which event he would be nominated. Zimmerman was defeated by Kilbourne, of Columbus, for the Democratic nomination for governor a year ago last summer, but the former made many friends at the time, and it seemed to be the consensus of opinion of the delegates that he should be given the nomination at the next gubernatorial convention. Zimmerman has many friends in Salem and vicinity in which part of the county he once resided. He stands well with his party. Governor Nash so respected his judgment that he called him in consultation with him when he had under advisement a plan to place the institutions of the state on a better business basis.

Ira Marlatt, Columbiana county's famous prisoner, erstwhile "prison demon," is blamed by the penitentiary officials with putting devilment into a prisoner named Joseph Williams, of Hamilton county, who made a vicious assault with a stool on a guard Tuesday. The two convicts are locked in the same range and are thrown into each others company often. The methods used by Williams are similar to those used by Ira when he terrorized the officials in years gone by. This is what leads the officials to think that the latter has been prompting Williams. The man is shamming insanity in order to escape work. The officials never were able to make Marlatt perform any labor, and for several years he has been putting in the time about as he pleased in the part of the penitentiary in which he is confined.

The St. Louis Exposition commission met at the state house last evening and organized by electing W. F. Burdell, of Columbus, president; Hon. L. E. Holden, editor of the Cleveland Plain Dealer, vice president, and Stacy B. Rankin, of South Charleston, secretary. Arrangements were also made to invite architects to submit plans for the building which the state will erect at the exposition. All plans must be filed with the commission by not later than March 1, and work is to be started on the building on the first of June. The commission will go to St. Louis to view the site which has been selected for the Ohio building.

Boiler Kills Three.

The postmaster general is eloquent in his arguments in favor of rural delivery. "That it is a blessing and has come to stay there can be no doubt. Experience shows, as was expected, that rural free delivery enables the farmer to get a better price for his products, through daily information about market conditions. The postmaster general refers to instances in which cattle growers, through the prompt delivery of quotations, shaped their plans anew and saved more than the total cost of rural delivery over the routes on which they lived. Along every route the price of farm lands has improved. All these advantages, the postmaster general remarks, "have been equalled, if not surpassed, by the social and educational benefits conferred in relieving the monotony of rural life by bringing city and country in close connection, and giving the farmer an opportunity of keeping abreast with the rest of the world." It will take a great deal of money to extend rural free delivery as fast as it is desirable but it can be done and the cost will soon be repaid."

Some statistics are dull, but those made public this week by M. D. Ratchford, the Ohio commissioner of labor, are eloquent and inspiring. By figures which cannot lie he shows that this great state has been adding to its capital and the value of its manufactured products during the past year at an unprecedented rate. The amount of capital invested in manufacturing increased almost \$189,000,000 and the value of the output nearly \$300,000,000. The wages paid during the year increased \$61,000,000, while the number of employees in manufacturing establishments increased 104,378. There were 46,286 employees who had their wages increased, not counting those of railroads and private firms, while but 1,251 persons had their pay reduced. There is nothing the matter with the Buckeye state. Mr. Ratchford's figures explain why its people are enthusiastic in their demand that legislators and tariff tinkers shall let well enough alone.

An immigration bill that got through the house at the last session is now being pressed in the senate by Senator Penrose. It levies a per capita tax of \$3 on all aliens to constitute an immigration fund to pay the expense of administering the law. Under the law idiots, insane people, epileptics, criminals and paupers are excluded, as well as all illiterates over the age of 15 unless the same are members of the family of an alien who is admitted under the law.

Secretary Hay is business-like and has no liking for procrastination and dilatory tactics. He will go on making treaties with Cuba and Colombia, regardless of the threatening attitude of the Cuban congress and the fact that Colombia has no congress at all, and is not likely to have one until mid-summer, for that is no business of ours. The treaties will be concluded and signed and submitted for the ratification of the senate.

New York anarchists are trying to raise a fund of \$1,000 for Herr Most.

If he ever gets that much money he is likely to quit being an anarchist and line up with the hated aristocracy.

If affairs in those South American republics did not reach a crisis about every three months the people in this country would be more worried about the Venezuelan situation.

Venezuela is no more prompt with cash than the sultan of Turkey used to be. The sultan, however, has been learning and a lesson is ready for Venezuela.

The Monroe doctrine is safe enough with Dewey and the strongest fleet Uncle Sam ever sent out watching the situation down in South America.

If Smith's Ferry ever gets half of the railroads projected to that point there is likely to be a new and noisy metropolis at our very doors.

NEW PASSENGER STATION PROMISED FOR THIS CITY

Continued from First Page.

six months at the farthest. Our improvements in this city alone will cost us several hundred thousand dollars, to say nothing of what the cost will be in improving the entire system."

When asked about the present freight congestion, Mr. Peck said: "Freight has been heavier this year, not only on our lines, but on every road in the country, than was ever known before. All of our lines have been taxed to their utmost capacity, which has been caused by the general prosperous condition of the country and the enormous lake trade. We hope, however, to be able to handle freight more promptly within the next month, as the lake season is closed and the rush is about over."

"What about the new depot you intend to build here," was asked Mr. Peck.

"I cannot give you any definite information on that as yet," was the reply. "In fact, our plans have not been fully completed as to the number or nature of the new buildings which it will be necessary for us to erect here. With the changes we are making the present depots will be entirely inadequate not only for our needs but for our patrons as well."

"It has been reported that the ground where both the present freight and passenger depots stand will be utilized for tracks, and that new and modern buildings will be erected on the ground recently purchased by the railroad company between Washington and Market street. What can you tell me of that," asked the reporter.

"Of course, we expect to use all of the ground we have bought," answered Mr. Peck. "But, as I said before, just what kind of buildings we will erect or where the location will be, I am not at liberty at the present time to say. I will say, however, that when our intended improvements are completed that East Liverpool will have as good facilities as any city along our entire system."

Messrs. Peck and Schayer left here for Bellaire where extensive improvements are being made. They expect to spend several days on a general tour of inspection along the entire C. & P. system.

ESCAPE FROM DEATH.Escaping Gas, Lighted By a Match,
Hurled Man Ten Feet, Injuring Him Badly.

An explosion occurred in the saloon belonging to W. C. Connor, on Main street, near Third street, at 8 a. m. today, which nearly burned to death Frank Connor, the brother of the proprietor, who is employed in the saloon.

It seems that some one had lighted a small gas jet last evening in the ice cooler in the cellar of the saloon, and after getting what they wanted had left the cellar without turning out the gas. The result was that when the gas mains of the Ft. Pitt Gas company were turned off last evening the jet was left open. When the gas was again turned on by the gas company gas escaped from the jet. As the jet is very seldom used by any of the employees of the place, it was overlooked when the gas was again turned on.

Gas had escaped into the little enclosed room all night long and this morning when Frank Connor went down to the cooler to get some stock for the day he struck a match, as it was very dark, and then opened the door of the room. The result was a serious explosion. Connor was struck by the door of the cooler and was thrown a distance of 10 feet. When picked up it was found that he was seriously burned. His hair, eye brows and moustache were burned off and his face, neck and one side of his body and an arm were also severely burned.

He was carried at once in a cab to his home on Eleventh street. Dr. Hutchison was called and after a careful examination of the man found that he had inhaled some of the flames of the explosion. Connor is in a critical condition, although it is believed that he will recover.

The force of the explosion aside from wrecking the cooler, broke the big plate glass window in the front of the saloon into fine pieces. The window was valued at \$150.

ANOTHER BREAK

In Ft. Pitt Gas Company's Mains
Caused a Temporary Short-
age Yesterday.

Another break in the main line of the Ft. Pitt Gas company occurred at Freeman's Crossing yesterday, a short distance from where the break of a few days ago happened. The new break did not affect Wellsville consumers until late in the afternoon, when the supply became short. None of the factories of the city suffered very much, as the work of the day in most instances had been completed.

The break was repaired again last evening and there is now as much of a supply as usual. It is hoped there will be no more breaks this winter, as they cause much inconvenience and suffering.

MAY LOSE HIS FOOT

A Colored Mill Man Burned By a
Piece of Red Hot
Metal.

Levi Cobbs, a well known colored man employed at the mill of the American Sheet Steel company, was the victim of a serious accident this morning at 9:30 which may result in the loss of his left foot.

Cobbs was working this morning on one of the bar mills when a sharp piece of red hot iron that had just went through the middle of his left foot, leaving a hole large enough to lay a finger in.

The unfortunate man was at once

carried from the mill and taken to the office of Dr. Robinson, who was not in. He was taken from there to his boarding house on Fifth street, opposite the city hall. Dr. Parke was then called and dressed the injured foot. It is possible that the foot may have to be amputated, although it is thought that it can be saved. Cobbs will be laid up for some time.

Meeting of Local No. 24.

The regular meeting of local union No. 24, N. B. of O. P., was held last evening in the hall. No business of public importance was transacted and the session was very short. Only a few of the members were present. Plans for the next musical and literary entertainment were talked over, but no definite action was taken.

Small Demand for Poison.

The Krause poison law which goes into effect January 1 and which requires druggists to register all sales of poison and forbids the sale of morphine and cocaine unless prescribed for by a physician will have but little effect upon the drug business in this city. A local druggist stated to a representative of this paper last evening that he had not had a call for either cocaine or morphine for nearly five years, excepting once or twice when a prescription was given.

Clerks' Oyster Supper.

All arrangements have now been completed for the oyster supper to be given this evening at the Potters' hall by Local union No. 63, Retail Clerks' International Protective association. Several tables will be set and each table will be in charge of two of the young lady members of the order. A fine menu has been prepared.

BEAL LAW VIOLATOR
FINED \$100 AND COSTSColumbiana Hotel Keeper Must Pay
Heavily For Selling Malt
Mead.

Lisbon, December 10.—(Special)—William Ryan, proprietor of the hotel at Columbiana, pleaded guilty yesterday to a violation of the Beal law, which is in force there in the sale of a beverage called malt mead. Mr. Ryan said it had been represented as a soft drink containing less than 2 per cent. of alcohol, but inquiry revealed the fact that he had been required to take out a federal licence, which, the court said, was evidence that he knew the stuff to be regarded as an intoxicant. He was fined \$100 and costs, aggregating nearly \$125.

In imposing the penalty Judge Hole said he wanted it understood that where the Beal law represented the expressed wish of the people of a community, its violation would call for liberal penalties when brought to the attention of the court.

SOUTH SIDE

THE FERRY FIGHT
GROWS STRENUOUSATTORNEYS FOR GOUCHER NOW
PROPOSE TO APPEAL.Hope That Rights to Run the Emily
Yet Be Legally Granted.

Preparations are now being made by the attorneys of Samuel B. Goucher to appeal the case in regard to the ferry franchise between Congo and Wellsville. It will be remembered that last month the county court set aside the franchise awarded to S. B. Goucher to operate a steam ferry boat "Emily" between the two points mentioned. Since that decision the steam ferry boat has been taken off the river and in place of it a flat boat is operated by a gasoline launch.

Although Goucher's franchise was revoked he is still operating a ferry pending the fate of his appeal to the higher courts. He has prepared another petition to the county court asking for an amended franchise. This time he will ask for a franchise between the two towns mentioned but does not ask for a landing controlled by Johnston. The latter has always claimed that the wharf belonged to him and the courts sustained his claim.

Now Goucher will ask for a landing on the West Virginia side on the old state road property. This was laid out by the state and was sixty feet wide. Since that time his road was dedicated to Congo by the state and is under the control of the town and might be used as a landing for a ferry boat should the county court see fit to so order it. At the present time this road has been encroached upon by private parties and several feet on both sides of it have been fenced in.

Should the county court decide at its next special session that Goucher can operate a ferry from this point the Emily will again be called into play. The friends of Goucher and the great majority of the residents of Congo and Wellsville are anxious that this franchise be given to him so that communication between the two points may be resumed and that persons wishing to cross the river will not be compelled to ride in a flat boat as in former years and as they are now compelled to do under the decision of the court.

AN AFFLICTED FAMILY

Two Deaths of Scarlet Fever at Fred
Hobbs' Home And Another Child
Critically Ill.

The five year old son of Mr. and Mrs. Fred Hobbs, near Chester, died yesterday evening at 10 o'clock after a short illness with scarlet fever. This is the second child to die of this family within a week and both deaths resulted from scarlet fever. The funeral will be private and will be held this afternoon. Interment at Mill Creek cemetery. Another child, a little daughter, is also critically ill with scarlet fever and physicians say that she will hardly be able to live more than a few days at the longest. Mr. Hobbs is a brother of Dr. Hobbs of East Liverpool.

More Would-be Councilmen.

Scarcely a day goes by without another candidate for council announcing himself. Today two new candidates are in the field and both are in the Second ward. The present councilman from that ward, E. Tomorrow Night.

A circle of the Ladies of the Grand Army, composed of 25 or more women of this city, is to be instituted at the Grand Army hall tomorrow night under auspicious circumstances. The installation services will be conducted by the national president, Mrs. Anna Hall, of Wheeling, who will be assisted by the national secretary, Miss Ruth Hall, and the past national commander, Mrs. Sheriff, of Allegheny. Mrs. Griggs, of Columbus, a member of the national council of administration, will also take part.

The ladies who will comprise the organization are all closely related to veterans of the civil war, but their names would not be given out by the promoters of the new circle.

NEW LINE TO WHEELING

Old State Line Project to Connect the
Nail City And Pittsburg to
Be Pushed.

Pittsburg, December 10—Some 12 years ago there was granted at Harrisburg a charter to a company which proposed to build a railroad from Pittsburg to Wheeling, W. Va. The road was never built. But in the effort to build the road about 75 per cent. of the right of way was secured. Now, it is announced the road is to be built.

The right of way, together with the franchises of the company, has now been sold to the West Side Belt Railroad company, which proposes to build the road. The Pittsburg terminal of the road will be on Old avenue, just east of the Allegheny county jail. The line will lead direct to the Monongahela river, which will be crossed just above the present Panhandle railroad bridge. On the South Side the new line is to connect with the West Belt. Thence the line proceeds to Castle Shannon, Library, Canonsburg, Houston, McConnells Mills, Independence, Bethany, Wellsburg and thence to Wheeling, a total distance of 63 miles. The grades of the proposed road are said to be comparatively easy.

Charles Denny, vice president of the West Side Belt line, frankly admitted yesterday that his company had bought the franchise of the proposed Canonsburg and State Line railroad.

REALM OF SPORTS

MAY BE NO FIGHT

A Prospect That the Jeffries-Corbett Battle Scheduled for May Will Fall Through.

Chicago, December 10.—"There is some danger of the fight between Jeffries and Corbett falling through," said Lou Houseman. "Jeffries' touring plans with Fitzsimmons threaten to interfere, and the match agreed upon for next May may come to naught. There are no articles, no signatures and no forfeits to bind the thing—nothing but Jeffries' word that he would give Corbett a fight. I was a witness to this, and there is a moral obligation involved which Jeffries cannot well override. The champion figures it out that he can make more money in exhibition than he can earn in a fight against Corbett. This may or may not be so. Corbett has Jeffries' promise for a return battle, and the champion is in honor bound to make this promise good, even at the sacrifice of money.

"Corbett has been working for nearly six months now on the strength of this promise."

WON BY WINDSORS

A Bowling Match Between Rival Teams Finished Last Evening.

The Windsor and Eclipse bowling teams met last evening on the Imperial alleys and played a series of three games. The former team won the series with ease, scoring 126 points more than their adversaries. The lineups and individual scores follow:

Windsors—Geon, 126, 177, 109; Bence, 174, 119, 131; Woods, 134, 117, 164; Durkee, 164, 183, 110; Blind, 143, —, —, Brick, —, 106, 160.

Eclipse—Dawson, 136, 135, 124; Logan, 106, 110, 165; Rose, 122, 100, 197; McNicol, 114, 154, 107; Williams, 158, 132, 112.

Girl's Excellent Shooting.

New York, December 10.—Miss Edith Ranson, daughter of Mr. and Mrs. Charles J. Ranson, has won the title of champion shot in the vicinity of Lake Hopatcong, N. J. In two trips to the shooting ground last week she made a bag of 35 ducks. Once she succeeded in getting within range of a flock of about 40 ducks before they took alarm. As they rose from the water she fired both barrels and brought down five birds.

Jeff And Fitz on a Tour.

James J. Jeffries and Robert Fitzsimmons have started on their boxing tour. The big fellows will box six rounds as their part of the entertainment, and will expect local managers to furnish the rest. They expect to make big money on the scheme, and may continue the tour clear around the world.

Wrestling Match.

William Butler has been matched to meet Butch Straub in a wrestling match for the 160-pounds championship of West Virginia, with a six round boxing go between on Adams, of Belaire, and Al. Handson, of Wheeling, at Turner hall, in the latter city, December 25.

Thousands Have Kidney Trouble and Don't Know It.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FORESTRY FOR FARMERS

Services of the Government Bureau Placed at Their Disposal Without Cost.

Washington, December 10. — (Special.)—The farmers of this country own about 500,000,000 acres of wood land, 10 times the acreage of all the federal forest reserves. Most of it consists of small wood lots from which the owners derive their timber supplies for farm purposes.

It was to help the farmer in caring for his timber land that the bureau of forestry several years ago undertook to furnish him, without cost, with the services of its foresters. The offer proved popular, and applications for assistance have far exceeded the ability of the bureau, with its limited number of trained foresters, to answer them. During the season just passed the bureau has accomplished more than ever before in putting small wood lots under forest management and in teaching the farmer how properly to treat his timber. Two experts have been employed in the north and south who have examined and have put under management several thousand acres of wood land.

A great deal of wood is consumed every year on the farm for fuel, posts, poles and other uses. Ordinarily, the farmer cuts what he needs without thought as to whether he is lessening the power of his forest constantly to yield its supplies. The result is that the forest becomes poorer every year and less able to furnish the wood its owner needs. The skill the farmer exercises in the management of his crops is not the kind that enables him to manage properly his timber. He needs the services of a forester.

Usually, only one visit to the farm by the bureau's expert is necessary, and this service is given without cost to the owner. When, as occasionally happens, a second visit is needed, the owner is required to pay the traveling and living expenses of the expert while employed at the work.

There was not a death in Massillon during the past two weeks.

THE LINCOLN STAMP

New Design for Five-Cent Stamp Represents War and Reconciliation.

Local patrons of the postoffice stamp window will perhaps at the beginning of the new year have a chance to use a new five-cent stamp which will have more history on it and convey more feeling of sectional union than any engraving of its size yet printed. The postoffice department at Washington has just approved and the engravers at the engraving and printing bureau have just begun work on a remarkable new five-cent stamp.

It will be an official attempt to still further obliterate the sectional feeling which may yet remain between the north and south. The central oval of the little "letter carrier" will bear the image of Abraham Lincoln, as he appeared in war times. On either side of the oval there will be designs of female figures representing the north and south. Over the head of Lincoln they will clasp hands, each supporting a palm branch. Each figure will also bear a draped American flag.

ASSAULTED BY GANG

Railroad Detective Attacked With Pick And Rendered Unconscious.

Leetonia, December 10.—J. D. Baker, of this town, a railroad detective employed on the Pennsylvania lines between Alliance and Rochester, was the victim of an assault here while arresting two bums whom he had captured stealing a ride on a freight. He was left lying unconscious on the street, where he was found some time later and taken to a physician's office. He is now at his home doing nicely and will recover.

Baker had arrested two fellows about 11 o'clock in the west end of town, and was walking them to the lockup in the business part of the city. He was suddenly pounced upon by three miscreants, evidently a part of the gang to which the prisoners belonged. The newcomers were armed with pick handles, and the five turned in and gave the officer a terrible beating about the head and body.

They left him lying unconscious in the street and made their escape in the darkness. He was found by a passerby about an hour later, and a physician worked with him until early this morning. No bones were broken, but he was terribly bruised and lacerated. He was removed to his home and is doing nicely.

A Timely Suggestion.

"Now that winter with its bad weather is with us I would advise every family to provide themselves against sudden attacks of coughs and colds by keeping at hand a good cough medicine like Chamberlain's Cough Remedy, which is the best among the many preparations for these ailments that I have on my shelves," says Mr. L. C. Neave, the well known and popular druggist of Pittsboro, Ind. "I recommend this remedy and guarantee it to be without an equal for coughs and colds, also as a preventative and cure for croup." Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the kidneys, or for a Weak Back, the plaster should be applied as shown above. Wherever there is a pain apply Allcock's Plaster.

For Rheumatism or Pains in Shoulders, Elbows or elsewhere, or for Sprains, Stiffness, etc., and for Aching Feet, cut plaster size and shape required and apply to part affected as shown above.

If you want the best results, the quickest and cleanest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist. "My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it superior to and more efficient than any other plaster."

Mrs. Margaret Andres, aged 60, dropped dead at her home in Massillon.

David Conn was awarded \$5,000 at Youngstown for injuries received on the New Castle & Lowell electric railway.

The Warren Brass company, Warren, O., has been organized with a capital stock of \$4,000. C. L. Wood is its president.

At Warren, O. J. C. Augustine has entered suit against Alfred Young for \$3,000 for the alienation of his wife's affections.

The DeGarmo Dry Goods company at Niles was burned out. The loss was heavy and several clerks had a narrow escape.

The plant of the Garfield Creamery company, Garfield, has been sold to the McJuckin-Straight Dairy company, a corporation doing business in Pittsburg.

Mrs. Hannah Truckess, of Columbiana, will be 93 years old this week. She is in fair health, but retains with remarkable memory the events of nearly a century ago.

The large barn owned by Mrs. Young at Newgarden, was totally destroyed by fire with all its contents, including a fine surrey and other belongings, but no live stock.

Richard Berry, aged 77, a retired iron worker, while crossing the tracks at Youngstown, was struck by a passenger train on the Pittsburg & Lake Erie railroad coming into the city and instantly killed.

Charles E. Sedgwick, a well known insurance man of Martin's Ferry, committed suicide by firing three bullets into his body from a 38-caliber revolver, each taking effect in the vicinity of the heart and causing instant death. Ill health for several weeks is assigned as cause.

MOTHER AND CHILDREN KILLED.

Mrs. J. C. Nealy, Her Two Daughters and a Son Run Down by Passenger Train—Father Goes Insane.

Findlay, O., Dec. 10.—Mrs. J. C. Nealy, her two daughters, aged 11 and 9, and a son, aged 7, were run down and killed by an eastbound Baltimore and Ohio passenger train, one mile west of North Baltimore, at 4:15 yesterday afternoon.

The body of one of the girls was not found until the train pulled into North Baltimore, when it was discovered on top of the first coach.

The mother and girls were killed instantly, but the boy lived half an hour. The party was returning from a shopping trip at North Baltimore, and a building at Dewees crossing obstructed a view of the track.

The dead represent the entire family of C. J. Nealy, field superintendent of the Ohio Oil company in the Wood county district, and a prominent 32d degree Mason.

Immediately after the accident the father drove up from the opposite direction. When he discovered that the remains represented his family he went violently insane.

Declined to Attend Conference.

Cleveland, Dec. 10.—A special council committee, appointed to learn from Chief of Police Corcoran the workings of the police department, received a communication from that official last night declining to attend a conference for that purpose. The chief stated that the director of police is his superior officer, and any information about the conduct of the department should come through him. The committee was the outcome of a resolution in the city council to learn why policemen are stationed in front of saloon doors on Sun days and after midnight and not permitted to move from that one place the contention being that valuable property and even life is jeopardized by such action.

IN THE GRASP OF A COLD WAVE.

New York and New England Experiencing Coldest Weather for Many Years.

New York, Dec. 10.—New York and New England have experienced during the past 24 hours previous to last night the coldest weather of many years. In this city it was the coldest Dec. 9 in 26 years, the thermometer registering, as it did in that year, eight above zero. The scarcity of coal caused much suffering among the poorer classes. Every effort is being put forth to alleviate the suffering charitable organizations having taken steps to supply the poor and the board of aldermen having voted \$100,000 to help along the good cause.

At Albany the mercury fell to 10 below zero and in some nearby districts it went down to 20. The river is frozen over at Albany, putting an end to navigation. Ballston reported 32 below, the lowest registration since 1861, and Saratoga felt the grasp of weather 30 below. In the Adirondack region and along the Champlain valley the thermometer registered between 17 and 26 below. Navigation on the upper Hudson closed early in the day, steamers which had not reached winter quarters having to be towed out of the ice.

The cold wave struck New England at the same time it arrived in New York. Throughout Maine and Connecticut the thermometer registered from 8 to 20 below, a fall in some places of 40 degrees in 12 hours. Norfolk, Conn., reported a temperature of 23 degrees below zero, the coldest in years.

IF YOU HAVE PAIN IN YOUR BACK

Do Not Be Deceived. You have Kidney Trouble, and You Do Not Need a Physician to Tell You So.

Pain in the back is an almost infallible sign of kidney disease; a surer sign is the condition of your urine. If you have a pain in the back, then look to the condition of your urine. It is easily done. Take a glass or tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, and it will take you but a short trial to convince yourself of its wonderful curative power.

G. F. Sammer of No. 409 Third street, Syracuse, N. Y., in a recent letter says: "I was afflicted for years with severe pains in my back and kidneys. I tried many doctors and many medicines, but got no relief. I bought a bottle of Dr. David Kennedy's Favorite Remedy and it has entirely cured me."

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

CITY FATHERS ATTACK VARIOUS BIG PROBLEMS

Continued from First Page.

Light at the corner of Wedgwood avenue and Globe street. The light committee reported that a great deal of difficulty had been experienced by it in having orders promptly filled by the company. Chairman McConnell reported that a number of lights had been ordered for several months, and in spite of every effort to have them placed in position, but little attention had been paid to the request of the committee. The report of the committee reminded several members that even before the present council, but organized lights had been ordered, but strange to say they had not yet been placed in position. Vice President Horwell and the council gave assurance that the light committee would be given as much support as it desired.

There was a bad place in the paving at Lincoln avenue and Market street, and the engineer and street commissioner were instructed to place a screen over the hole in order that it might be kept in a safe condition until spring when permanent repairs will be made.

Chairman Peach, of the railroad committee announced that this afternoon at 1:30 o'clock, the railroad officials would be in the city to confer upon the different matters of interest to them, and it was his desire that every member of the committee be present.

Residents of Thompson avenue and Ravine street were said to be engaged in laying sidewalks, and the question of paying for intersections was brought up. It was estimated that \$40 would pay the bill, and since it was the city's duty to stand the expense, there will be no objection to paying it.

Bids were received from B. F. Hinton and A. W. Stevenson for the improvement of Prospect street. The former bid was found to be the lowest, and the contract was accorded to him. For the grading and paving of Persimmon alley and Summit lane two bids were received, that of John M. Ryan being the lowest. He was awarded the contract.

REDISTRICTING PLAN RECEIVES APPROVAL

The re-districting committee submitted its report, covering the ground gone over by the News Review yesterday. The clerk was instructed to cause to be published a notice of the finding of the committee. The notices will be published in all the city dailies for a period of three weeks.

Mr. Peach reported on the committee appointed on the department of public service. The committee had prepared a resolution upon the subject, which provided that the board should be made up of three members. They were to receive a salary of \$50 per month for their services, and serve for a term of two years, or until their successors are elected and qualified. The bond for each member of the board was placed at \$1,500 and the resolution was passed without comment.

Dr. Marshall, as chairman of the board of public safety committee had a lengthy report to make, but his committee had not prepared a resolution.

The committee recommended that the board of public safety be composed of four members and that they receive \$200 a year each. The committee also recommended that the same number of policemen—eight—and the same number of firemen—ten—be continued. It was also advised that a clerk for the department be employed at a salary of \$40 per month. All these points will be embodied in an ordinance to be prepared by the clerk covering the matter. The bond of the members of this board was placed at \$500.

DR. MARSHALL'S IDEAS AS TO CITY SALARIES

In submitting the report Dr. Marshall stated that the committee had discussed salaries in general, and the members concluded the following amounts would be about the proper thing:

Mayor	\$2,000
Chief of police	1,000
Auditor	1,200
Treasurer	500
Solicitor	1,000

JUST IN TIME

Down in Health and Strength—Nervous—Irritable—Ache All Over—A Depressed Condition Rapidly Changed.

Mr. B. L. Updegraff, of No. 169 Fifth street, East Liverpool, Ohio, says: "As a general and nerve tonic I can recommend Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store. I was at the time feeling run down and nervous—not up to the mark in health and needed a tonic. The medicine did its work nicely and I regained tone, strength and energy again."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

Members of board of public service—1,800
Councilmen—50
President of council—150

It will be seen that the opinions of Mr. Marshall and his committee members does not agree with the ideas of Mr. Peach and several others on the salary question, and after some discussion a motion prevailed to the effect that a committee of three be appointed to recommend to council the amounts which shall be paid to the several municipal officers. The committee appointed by president Nice is made up of Messrs. Horwell, McConnell and Barlow, and they may report Thursday night.

The clerk and mayor were instructed to issue the city's obligation for about \$7,000 to pay the expenses of the past month.

The bonds, from the sale of which Springdale street will be improved, were awarded to F. E. Grosshans at par. The amount is \$304.

ACTION IS DESIRED ON BUILDER'S ORDINANCE

The builder's ordinance which has been before the council for some time, was here presented. President Nice stated the ordinance committee desired that council give some advice as to the length of time a building should be permitted to remain in an unfinished state. Architect W. A. Calhoun was asked for an opinion, and thought a month or six weeks was sufficient for a structure costing less than \$5,000. From that amount upwards he had an idea the time should be at least six months.

Contractor D. F. Nellis was also questioned and agreed with Mr. Calhoun's views. Mr. Johnston, of the council, mentioned the fact that it often occurred that, through failure to receive materials promptly, buildings were often held back while in course of construction. He favored the addition of a clause allowing the contractor to obtain a special permit or extension of time when these unavoidable delays occur.

It was the opinion of several members that the ordinance was not yet ready for the council to vote upon, and on motion it was referred back to the committee for further consideration.

President Nice adjourned the session until Thursday evening, when several important matters will be up.

WORK OF THE CIVIC FEDERATION.

"Restriction of Output" Was the Subject Discussed at Second Day's Session.

New York, Dec. 10.—"Restriction of Output" was the subject discussed at the second day's session of the industrial department of the Civic Federation, and of course that includes the eight-hour day movement. Leaders of labor and capital discussed the question in all its phases. One manufacturer declared not enough men can be had to run three shifts of eight hours each.

The first speaker was John R. Commons. Chairman Hanna then introduced Frederick Halsey, editor of the American Machinist. Mr. Halsey's topic was "The Premium Method of Payment."

James O'Connell, president of the International Association of Machinists, followed, and opposed the piece work and premium plans.

Mr. Gompers said he would be opposed to trade schools, but would be heartily in favor of manual training schools.

At the afternoon session Prof. George Gunton, editor of Gunton's Magazine, spoke on "The Philosophy of the Shorter Hour Movement."

Lewis Nixon, president of the American Shipbuilding company, said he objected to the distinction made at the meeting between employers and workers. He wished it known that the employers were also workers.

Theodore F. Harburg, vice president of the American Economic association, said the actual experience of localities in which the shorter hour day had been tried shows that the morals of the locality had improved.

CASTRO'S LAST MOVE

Venezuelan President Orders Arrest of all British and German Subjects in Caracas.

HIS FLEET HAS BEEN SEIZED.

Has Never Refused to Settle Claims and Says Great Britain's Action is Without Justification—Ultimatum Will Be Delivered Today.

Caracas, Venezuela, Dec. 10.—All German and British subjects in Caracas were arrested yesterday.

The Italian cruiser Giovanna Busan has arrived at La Guayra. President Castro received the correspondent of the Associated Press at Miroflore palace yesterday. In reply to questions the president of Venezuela said:

"The Venezuelan government has not received any ultimatum, properly speaking, but rather simultaneous requests from Great Britain and Germany. The claims Great Britain asks this government to settle are small, and up to the present time we have not been aware of them. Never having been presented, Venezuela has consequently never refused to settle them. Great Britain's action, therefore, is without justification.

"What do you intend to do in view of the present attitude of the powers?" was asked.

"Enforce our rights," replied President Castro, "and explain to the world that Venezuela has laws and prove that we have never denied our engagements."

Questioned as to what course he intended to pursue should the powers declare a blockade, the president excused himself from answering.

Fleet Seized.

London, Dec. 10.—A dispatch from Caracas, Venezuela, dated Dec. 9, says: The combined British and German fleet today (Tuesday) seized the Venezuelan fleet, composed of four warships in the harbor of La Guaira.

It is reported also that an ultimatum will be delivered tomorrow (Wednesday) asking for an answer and a compliance with the demand of the British and German ministers.

Defiant and Indifferent.

Kingston, St. Vincent, Dec. 10.—The British cruiser Indefatigable, which has arrived here from La Guaira, Venezuela, brings reports that President Castro, of that country, is defiant and indifferent to the threatened blockade. It is asserted that President Castro is prepared even to expel the German and British residents of La Guaira and to close that port.

The Indefatigable left the British cruiser Retribution and the German cruisers Vineta and Gazelle at La Guaira. There are at present five British men-of-war at Port of Spain, Trinidad, ready to leave there on short notice.

Confirmed Withdrawal.

Washington, Dec. 10.—Minister Bowen, at Caracas, has cabled the state department confirmation of the Associated Press report that the British minister and the German charge d'affaires withdrew from Caracas Monday, after presenting an ultimatum.

GENERAL FOREIGN NEWS.

Guayaquil, Ecuador, Dec. 10.—A severe earthquake has just been experienced here.

Rome, Dec. 10.—The Duke of Abruzzi has been chosen to represent Italy at the St. Louis exposition.

New Westminster, B. C., Dec. 10.—A fire in the business section of this city yesterday destroyed property valued at \$90,000.

London, Dec. 10.—The report of the select committee of the house of commons on steamship subsidies was issued yesterday evening. Its general tenor is distinctly against the principle of granting subsidies.

NEURALGYLINE FOR THE NERVES

ARE YOUR NERVES SHATTERED?

Are you on the brink of nervous prostration? Are your nerves all unstrung? Do you feel a general breaking down? It's no wonder! We Americans hustle too hard, we work too much and too long, we tax our nerve power to its greatest capacity. Nerves are not iron! They must give way under the great strain. Have you not already done so? You can tell if you have by those sleepless, restless nights you have, by those constant headaches you have and by your failing appetite. If you are one of those unfortunate creatures, why don't you try a box of NEURALGYLINE, the great nerve-builder!

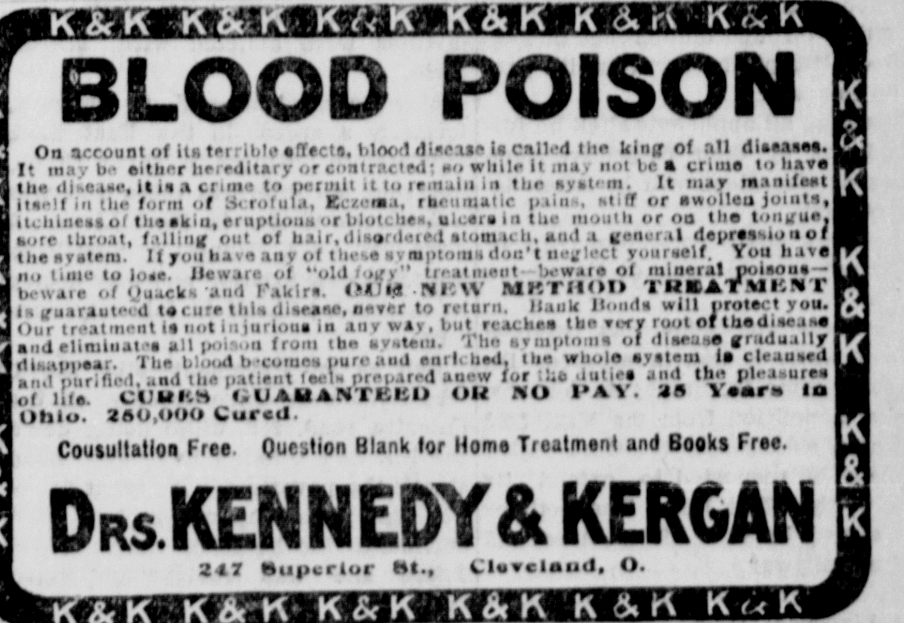

IT RELIEVES THE MOST SEVERE CASES OF NEURALGIA AND ALL OTHER NERVE DISORDERS.

I have been a great sufferer from neuralgia. Neuralgyline has effected a permanent cure in my case. Miss E. V. EVANS, Sistersville, W. Va.

Have suffered for over a week with neuralgic pains in the head, unable to sleep and nearly crazed with pain. Thirty minutes after taking one Neuralgyline tablet I was completely cured. Mr. J. B. BURN, St. Paul, Minn.

NEURALGYLINE is for sale at every first-class druggist's in this country and Canada. Sample free. Price per box, 25 cents.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itching of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms do not neglect yourself. You have no time to lose. Beware of "old-fashioned" treatment—beware of mineral poisons—beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. **CURES GUARANTEED OR NO PAY. 25 Years in Ohio. 250,000 Cured.**

Mrs. Fred Unrath,
No. 228 Territorial Street, Benton Harbor, Mich.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they grow through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

COUNCIL ACTS UPON A PETITION

East End Residents' Wishes Heeded in Regard to the Gas Question.

THE STATE LAW IS CITED

And the Gas Companies Informed That Unless They Furnish Gas to All Their Customers the City Will Take Action.

Councilman George Peach introduced the following resolution at the meeting of council last night, which was passed:

Resolved by the city council of the city of East Liverpool, Ohio, that the city clerk be and he is hereby instructed to call the Ohio Valley Gas company's attention to the section of the statutes of the state of Ohio, authorizing and empowering city councils to regulate the price of gas and the conduct of gas companies, which reads as follows:

Section 2482, Revised Statutes. "A neglect to furnish gas to the citizens, and other consumers of gas, or to the corporation, by any company, in accordance with the prices fixed and established by the council from time to time shall forfeit all rights of such companies under the charter by which it has been established," and to call the said company's attention to Section 8 of the ordinance granting privileges to the Ohio Valley Gas company, which section is found on 173 of the Codified ordinances, which reads as follows:

"Be it further ordained that all manufactories, private and public buildings along the line of said main or lateral pipes shall be furnished with gas for heating purposes at a uniform price, except existing contracts made with said company previous to the passage of this ordinance."

There seems to exist between the Ohio Valley Gas company and the Fort Pitt Gas company an arrangement which interferes with the above quoted section of the statutes and of the codified ordinances and works greatly to the detriment of the citizens of the city. It is the intention of the city council to protect the citizens of East Liverpool, Ohio, and to inform the said gas companies that no infringement of the citizen's rights will be tolerated.

The council is informed and believes that the Fort Pitt Gas company has valuable privileges which have been granted by the council of this city without any cost to said company, the only consideration for such privileges being the promise of said company to supply the citizens of this city with gas at a stipulated price.

The city council is credibly informed and believes that the company does not either through indifference or negligence attempt to carry out its part of the compact.

Therefore all applicants shall be furnished gas by their respective companies or else steps will be taken by this council.

The clerk shall transmit a copy of this resolution to each of the above companies.

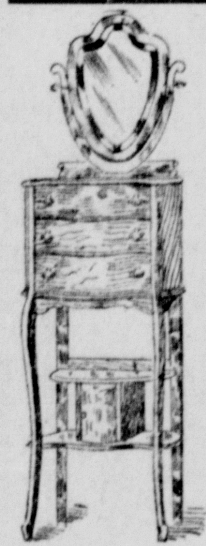

A lengthy discussion was indulged in, and while it was in progress Dr. Marshall came in, having in his possession a petition from the East End residents, asking that the Ohio Valley company be requested to extend its lines to the East End. The petition was signed by over 100 persons and read as follows:

"To the Honorable City Council, of East Liverpool, Ohio,

"We, the undersigned residents and citizens of East Liverpool, East End, after suffering much inconvenience, loss of time and money, and having the health of our families seriously menaced through the failure of the Fort Pitt Gas company, to furnish gas,

SALOON ROW

AIRED IN COURT

Continued from First Page.

the conversation became somewhat heated, Burchard became aggressive and said: "What's that d— nigger got to do with this?"

At the same time he started toward Snowden, who commenced to back off, the rest following with cries of "Kill the d— nigger." When Snowden was forced through the laundry door he felt that his assailant meant to seriously injure him, and drawing his revolver commenced shooting to frighten them. He said he was sober and had no intention of killing anyone, and had not fired at Eckler or anyone before he was cornered in the laundry.

The jury in the Snowden case retired at 11 o'clock today.

The jury returned a verdict of acquittal at 1:15 o'clock today.

Services All the Week.

All this week the Salvation Army in this city will hold a series of meetings at their hall on Fourth street. Adjutant Goodall, of the singing brigade of Cleveland, accompanied by three other officers, will be present and conduct these meetings. Captain Snyder hopes that considerable enthusiasm may be aroused by this series of meetings, and in the future may have more important workers in the Salvation Army visit the city and deliver addresses here.
